All societies are registered meeting one of two conditions for registration. These are that the society is either:

- a bona fide co-operative society ('co-operative society'); or
- are conducting business for the benefit of the community ('community benefit society').

Your society is registered meeting the condition for registration that it is conducting its business for the benefit of the community.

For further information on the condition for registration, please see chapter 5 of our guidance [here](#).

Community benefit societies must answer the following questions in relation to the financial year covered by this return.

## 7B.1 What is the business of the society?

For example, did you provide social housing, run an amateur sports club etc.

The society arranges and funds green energy initiatives, and promotes community awareness and engagement with environmental issues.

## 7B.2 Please describe the benefits to the community the society delivered?

Here we are looking to see what the benefits to the community were. Community can be said to be the community at large. For example, did you relieve poverty or homelessness through the provision of social housing.

Increased community renewable energy usage through delivery of solar panel installation project.

## 7B.3 Please describe how the society's business delivered these benefits?

The business of the society must be conducted for the benefit of the community. Please describe how the society's business (as described in answer to question 7B.1) provided benefit to the community.

Cheaper energy usage and increased renewable energy usage for the local community through solar panel installation project.

**7B.4 Did the society work with a specific community, and if so, please describe it here?**

For instance, were the society's activities confined to a specific location; or to a specific group of people? Please note that in serving the needs of any defined community, the society should not inhibit the benefit to the community at large.

Communities of the north london areas under the se;ected postcodes determined by the Rules of the society.

**7B.5 What did the society do with any surplus or profit?**

For instance, did you pay a dividend to members (and if so, on what basis); did money get reinvested in the business; put into reserves; used for some other purpose?

The small surplus generated was put into reserves.

**7B.6 Please state any significant commercial arrangements that the society has, or had, with any other organisation that could create, or be perceived as creating, a conflict of interest.**

Please tell us how you ensured that any such conflict of interest did not prevent the society from acting for the benefit of the community.

None.

## **Power Up North London Limited**

### **Statement of Directors' Responsibilities**

The directors are responsible for preparing the report and accounts in accordance with applicable law and regulations.

Company law requires the directors to prepare accounts for each financial year. Under that law the directors have elected to prepare the accounts in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the accounts unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these accounts, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the accounts comply with the Co-operative and Community Benefit Societies Act 2014. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**1 Accounting policies**

***Basis of preparation***

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard). The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all periods presented unless otherwise stated.

***Turnover***

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Grants are recognised in the income and expenditure account so as to match them with the expenditure towards which they are intended to contribute. Grants made as a capital contribution towards fixed assets are initially deferred and recognised in the income and expenditure account over the expected useful economic lives of the related assets

***Tangible fixed assets***

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. The cost of minor additions or those costing less than £250 are not capitalised. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Plant and machinery - solar panel installations                      over 20 years

***Community Share Capital***

Community share capital raised during the year that is withdrawable by the holder after a fixed period of time at the discretion of the Directors is treated as a liability in the Balance Sheet rather than Equity. All share holders automatically become members and have voting rights at the AGM. However, there are restriction on sale or transfer of Community shares. Unlike ordinary share capital, Community Shares receive interest of up to 4% payable annually at the discretion of the Directors.

***Debtors***

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

***Creditors***

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

**Notes to the Accounts**  
**for the year ended 31 December 2017**

**Provisions**

Provisions (ie liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably.
