

# Annual Return (AR30) form

## Section 1 – About this form

An Annual Return must be completed by all societies registered under the Co-operative and Community Benefit Societies Act 2014 ('the Act') (including any societies previously registered under the Industrial and Provident Societies Act 1965) or the Co-operative and Community Benefit Societies Act (Northern Ireland) 1969 ('the Act') (including any societies previously registered under the Industrial and Provident Societies Act 1969). The Annual Return must include:

- this form;
- a set of the society's accounts; and
- where required, an audit report or report on the accounts.

A society must submit the Annual Return within 7 months of the end of the society's financial year. Failure to submit on time is a prosecutable offence.

Please note that this form, including any details provided on the form, will be made available to the public through the Mutuels Public Register <https://mutuals.fca.org.uk>.

For guidance on our registration function for societies under the Co-operative and Community Benefit Societies Act 2014, which includes guidance on the requirement to submit an Annual Return, please see here: <https://www.fca.org.uk/publication/finalised-guidance/fg15-12.pdf>

## Section 2 – About this application

<b>Society name</b>	Reading Hydro Community Benefit Society
<b>Register number</b>	7212
<b>Registered address</b>	35 London Street, Reading
<b>Postcode</b>	RG1 4PS

**2.1 What date did the financial year covered by these accounts end?**

3	0	0	9	2	0	1	8
---	---	---	---	---	---	---	---

**Section 3 – People**

**3.1 Please provide the names of the people who were directors of the society during the financial year this return covers.** Some societies use the term 'committee member' or 'trustee' instead of 'director'. For ease of reference, we use 'director' throughout this form.

Name of director	Month and year of birth	
Sophie Paul		1968
Sarah Rigby		1976
Anne Wheldon		1954
Antony Cowling		1954
Erica Purvis		1983
Anthony Simpson		1972

Continue on to a separate sheet if necessary.

**3.2 All directors must be 16 or older. Please confirm this is this case:**

All directors are aged 16 or over

**3.3 Societies are within the scope of the Company Directors Disqualification Act 1986 (CDDA). Please confirm that no director is disqualified under that Act:**

No director is disqualified

**3.4 Please state any close links which any of the directors has with any society, company or authority.** 'Close links' includes any directorships or senior positions held by directors of the society in other organisations.

Antony Cowling is a director of Reading Community Energy Society

**3.5 Please provide the name of the person who was secretary at the end of the financial year this return covers.** Societies must have a secretary.

Name of secretary	Month and year of birth	
Anne Wheldon	May	1954

## Section 4 – Financial information

### 4.1 Please confirm that:

- accounts are being submitted with this form
- the accounts comply with relevant statutory and accounting requirements
- the accounts are signed by two members and the secretary (3 signatures in total)

**4.2 Based on the accounts, please provide the information requested below for the financial year covered by this return.**

Number of members	<b>83</b>
Turnover	<b>£253</b>
Assets	<b>-£132</b>
Number of employees (if any)	<b>none</b>
Share capital	<b>£83</b>
Highest rate of interest paid on shares (if any)	<b>none</b>

**4.3 What Standard Industrial Classification code best describes the society's main business?** Where more than one code applies, please select the code that you feel best describes the society's main business activity. You will find a full list of codes here: <http://resources.companieshouse.gov.uk/sic/>

35110

## Section 5 – Audit

Societies are required to appoint an auditor to audited unless they are small or have disapplied this requirement. For further guidance see chapter 7 of our guidance: <https://www.fca.org.uk/publication/finalised-guidance/fg15-12.pdf>

### 5.1 Please select the audit option the society has complied with:

- Full professional audit
- Auditor's report on the accounts
- Lay audit
- No audit

### 5.2 Please confirm the audit option used by the society is compliant with the society's own rules and the Act

We have complied with the audit requirements

### 5.3 Please confirm any audit report (where required) is being submitted with this Annual Return

- Yes
- Not applicable

The information below impacts the level of audit required of the society's accounts. Please provide answers to the following questions.

**5.4 Is this society accepted by HM Revenue and Customs (HMRC) as a charity for tax purposes?**

Yes

No

**5.5 If the society is registered with the Office of the Scottish Charity Regulator (OSCR) please provide your OSCR registration number.**

Not applicable

OSCR number:	
--------------	--

**5.6 Is the society a housing association?**

No  Go to **section 6**

Yes  Go to question **5.7**

**5.7 Please confirm which housing regulator you are registered with, and provide the registration number they have given you:**

		Registration number
Homes and Communities Agency	<input type="checkbox"/>	
Scottish Housing Regulator	<input type="checkbox"/>	
The Welsh Ministers	<input type="checkbox"/>	
Department for Communities (Northern Ireland)	<input type="checkbox"/>	

## Section 6 – Subsidiaries

### 6.1 Is the society a subsidiary of another society?

Yes

No

### 6.2 Does the society have one or more subsidiaries? (As defined in sections 100 and 101 of the Act)

Yes  Continue to question 6.3

No  Continue to Section 7

### 6.3 If the society has subsidiaries, please provide the names of them below (or attach an additional sheet)

Registration Number	Name

### 6.4 Please provide below (or on a separate sheet) the names of subsidiaries not dealt with in group accounts (if any) and reasons for exclusions: (the society must have written authority from us to exclude a subsidiary from group accounts)

Registration Number	Name	Reason for exclusion

## Section 7– Condition for registration

All societies are registered meeting one of two conditions for registration. These are that the society is either:

- a bona fide co-operative society ('co-operative society'); **or**
- are conducting business for the benefit of the community ('community benefit society').

A society must answer the questions set out in either Section 7A or Section 7B of this form, depending on which condition of registration it meets.

If you are not sure which condition for registration applies to the society please see chapters 4 and 5 of our guidance:

<https://www.fca.org.uk/publication/finalised-guidance/fg15-12.pdf>

## Section 7A - Co-operative societies

Co-operative societies must answer the following questions in relation to the financial year covered by this return.

**7A.1 What is the business of the society?** For example, did you provide housing, manufacture goods, develop IT systems etc.

**7A.2 Please describe the members' common economic, social and cultural needs and aspirations.** In answering this question, please make sure it is clear what needs and aspirations members had in common.

**7A.3 How did the society's business meet those needs and aspirations?**

You have described the society's business answer to question 7A.1, and in question 7A.2 you have described the common needs and aspirations of members. Please now describe how during the year that business met those common needs and aspirations.

**7A.4 How did members democratically control the society?** For example, did the members elect a board at an annual general meeting; did all members collectively run the society.

**7A.5 What did the society do with any surplus or profit?** For instance, did you pay a dividend to members (and if so, on what basis); did money get reinvested in the business; put into reserves; used for some other purpose?

## Section 7B - Community benefit societies

Community benefit societies must answer the following questions in relation to the financial year covered by this return.

**7B.1 What is the business of the society?** For example, did you provide social housing, run an amateur sports club etc.

**Developing a system to generate hydroelectric power from the river Thames at Reading.**

**7B.2 Please describe the benefits to the community the society delivered?** Here we are looking to see *what* the benefits to the community were. Community can be said to be the community at large. For example, did you relieve poverty or homelessness through the provision of social housing.

**When the scheme is built, the people of Reading will benefit from a new source of local, low-carbon electricity. The scheme will be an educational resource for the people of Reading. The wider community will benefit from reduced greenhouse gas emissions.**

**7B.3 Please describe how the society's business delivered these benefits?** The business of the society must be conducted for the benefit of the community. Please describe *how* the society's business (as described in answer to question 7B.1) provided benefit to the community.

**We are still at the stage of getting the required permissions to build the hydroelectric system, so no direct benefits have yet occurred.**

**7B.4 Did the society work with a specific community, and if so, please describe it here?** For instance, were the society's activities confined to a

specific location; or to a specific group of people? Please note that in serving the needs of any defined community, the society should not inhibit the benefit to the community at large.

**We promote the scheme to the people of Reading through social media and events.**

**7B.5 What did the society do with any surplus or profit?** For instance, did you donate the money; did money get reinvested in the business; put into reserves; used for some other purpose?

**No profit generated, so not relevant.**

**7B.6 Please state any significant commercial arrangements that the society has, or had, with any other organisation that could create, or be perceived as creating, a conflict of interest.** Please tell us how you ensured that any such conflict of interest did not prevent the society from acting for the benefit of the community.

**No such arrangements.**

## Section 8– Declaration

The secretary of the society must complete this section.

<b>Name</b>	<b>Anne Wheldon</b>
My signature below confirms that the information in this form is accurate to the best of my knowledge	
<b>Signature</b>	
<b>Position</b>	<b>Secretary</b>
<b>Date</b>	<b>30 April 2019</b>

## Section 9 – Submitting this form

Please submit a signed, scanned version of this form along with your accounts and any auditor's report by email to: [mutualsanrtns@fca.org.uk](mailto:mutualsanrtns@fca.org.uk).

Or you can post the form to:

Mutual Societies  
Financial Conduct Authority  
12 Endeavour Square  
London  
E20 1JN

This form is available on the Mutuals Society Portal:

<https://societyportal.fca.org.uk>

Registered as a Limited Company in England and Wales No. 1920623. Registered office as above.

# Reading Hydro CBS Limited

Directors' Report for the Year Ended 30 September 2018

## Principal activity

The principal long term activity of the Society is planned to be the generation and sale of electricity from renewable sources. To this end, the current main activity is taking steps to build a hydro electricity generating scheme adjacent to Caversham weir in Reading. The Society engages its members with the activities of the Society and aims to grow the membership.

## Review of the business

Reading Hydro CBS (RH), born out of The Reading Sustainability Centre (TRSC), has pushed forward with our plan to install a community owned hydro generation scheme on the Thames adjacent to Caversham weir, Reading. This is a brief summary of the work up to the end of the reporting year, and that planned in the subsequent year.

### Previous years

- Obtained funding for initial exploratory works, planning and permissions (TRSC)
- Gained abstraction and impoundment licences from the Environment Agency (TRSC)
- Awarded planning permission for our initial plans (TRSC / RH)
- Established Reading Hydro CBS Ltd duly constituted with directors
- Researched technologies and established a detailed financial model for the project

### Year to September 2018

- Identified a suitable and cost-effective technology option for the hydro scheme, and engaged with relevant technology providers
- Arranged a site visit for ten directors and expert members to see this technology option being constructed
- Enhanced our publicity with a new website, regular newsletters, development of a professional logo, together with promotional material (including branded posters, flyers, and e-newsletter)
- Engaged with a local primary school science club and attended other educational events

### Continued and ongoing activities

- Working to gain all permissions needed to obtain pre-accreditation for the Feed in Tariff (FiT) and build the hydro generation scheme
- Continue to grow the Reading Hydro CBS membership and involve many skilled individuals

# Reading Hydro CBS Limited

## Directors' Report for the Year Ended 30 September 2018 (continued)

- Continue to develop links with related organisations, including TRSC, the Things Network, GREN (Greater Reading Environmental Network), VerdErg, Renewables First, Energy4All, HydroMatch, Energy Local, Low Carbon Hub, Community Energy England, Reading Geeks, various other Reading sustainability and technology groups
- Grow our online presence
- Continue engagement with the Environment Agency, Reading Borough Council, Scottish and Southern Electricity Networks to obtain relevant permissions and authorisations
- Build relationships with potential partners
- Attend and speak further at relevant events, and to Reading-based interest groups, and explore further educational opportunities
- Improve our route to membership and supporters' experience
- Refine our financial model
- Detail our project plan and business plan

## Plans for the September 2018-19 Financial Year

- Apply for various sources of funding to support the financial viability of the project, and to promote greater awareness of the scheme
- Develop a number of awareness-raising and fundraising initiatives, including a Pioneer Share Offer
- Ensure suitable insurance coverage for Reading Hydro CBS responsibilities as they grow
- Tender for and commission an outline design for the scheme
- Work with TRSC, the Environment Agency, Reading Borough Council and Scottish & Southern Electricity Networks (as our local electricity distribution company) to obtain the necessary permissions and authorisation to apply for FIT pre-accreditation for a hydro scheme by 31 March 2019, when this renewable energy support scheme will end
- Make a final decision on the technology to be used for the scheme based on financial viability and technical feasibility, and apply for and obtain any additional permissions required
- Tender for and commission detailed designs and plans for the scheme
- Raise a main share offer to finance the construction
- Tender for and commission the civil engineering works
- Procure specified hydro scheme mechanics and parts
- Ensure that risks and responsibilities are appropriately assigned and clearly set out
- Agree a construction start date with all involved parties, and oversee works to ensure the timely delivery of the scheme

# Reading Hydro CBS Limited

Directors' Report for the Year Ended 30 September 2018 (continued)

## Summary of the financial position

During the 2018 financial year receipts consisted of donations, proceeds from the sale of Christmas cards, and an increase in Members Equity associated with the issue of one share to each individual upon payment of £1 for admission to membership of the Society. Payments consisted of fees for our planning application and electricity network connection, surveys to support the process of obtaining relevant permits, regulatory fees to the FCA, and membership of Co-operatives UK. The majority of this expenditure has been funded from Directors' loans.

Since the year end a Pioneer Share Offer was Crowdfunded and raised £16,025 of share capital, a £15,000 grant applied for from the Access Reach Fund has been received and early stage investment of £4,000 has been awarded by the Reading Climate Change Partnership.

## Outlook and principal risks and uncertainties

The outlook is for continued finance from new membership fees, in addition to income from the receipt of grants and donations. The directors remain committed yet realistic, and additional capable and resourceful members continue to be attracted to the project.

The principal risks for the following financial year relate to obtaining the necessary funds and establishing appropriate mechanisms to meet the next project gate and prove the financial and technical viability of the hydro project. Greater funding and expenditure activities will increase the requirements for tight financial management of the Society, though the finances will remain relatively straightforward during this phase.

There are also risks from any potential future partners or contractors in the project not being able fulfil their role in the project in any way, for example due to insolvency. If they are a necessary part of the project where viable alternatives are not possible, then this would endanger the future of the project. Therefore, when arrangements with potential partners are being negotiated and agreed, open discussion and clear definition of contingency plans will be used to mitigate such risks.

At the close of this financial year the Society has no significant assets apart from a low level of funds in the bank account, and it is not expected to diversify its assets in the next financial year. It is possible that the planning permission and Environment Agency permissions could have a value, but this is not quantifiable.

The outlook is promising, yet it is imperative that Reading Hydro CBS and TRSC gain all the necessary permits and permissions to apply for pre-accreditation for the Feed in Tariff by 31 March 2019 as the closing date for this scheme. The risk in not doing so is that the project would not be financially viable until electricity prices rose significantly, electricity markets

# Reading Hydro CBS Limited

## Directors' Report for the Year Ended 30 September 2018 (continued)

change to level the playing field for small, distributed generation compared to larger conventional generators, or the government establishes alternative support for capital-intensive small-scale renewable and/or community owned and operated projects.

The directors of Reading Hydro CBS and TRSC are therefore working closely with the Environment Agency to ensure all outstanding permissions and authorisations are in place in time to allow us to apply for pre-accreditation for the Feed in Tariff. The Environment Agency acknowledge and understand this deadline, and are providing the focus we need to work towards meeting this timeframe and ensure that we meet their requirements.

Once this deadline is achieved and the financial model re-assessed in line with the outline design commissioned for the scheme, the next stage of the project can begin. At the time of writing following the associated reporting year, we already have the funds to initiate this.

A final decision on the hydro technology to be used for the scheme will be made based on financial viability and technical feasibility, in addition to experience gained from both the installation and operation of the different technology options being considered. The final choice of technology may require us to obtain further permissions or variations from both the Environment Agency and Reading Borough Council, and the directors are already working with these organisations to maintain awareness of our position.

Reading Hydro CBS would then work on finalising the business plan, commissioning detailed design drawings, raising and publicising the main share offer, raising funds for the fish pass, covering legal, insurance and technical aspects, and putting the civil engineering work out to tender, with the construction dates and timeframes agreed with the appointed contractor(s). These stages of the project will involve coordination with the Environment Agency, Reading Borough Council, the hydro technology provider(s) and the civil engineering team, with associated project management.

The above stage of the project is the most capital-intensive, and includes the risks associated with building in the river. Good technical, legal and contract advice will be required to minimise the risks involved, in addition to suitable insurance cover.

## Interest payments and capital returns to members

There will be no interest payments or capital returns from the activity of the Society this year.

## Incorporation and member engagement

The Society became Reading Hydro CBS Ltd in September 2016 (formerly Berkshire Energy Pioneers CBS as incorporated in September 2015).

# Reading Hydro CBS Limited

Directors' Report for the Year Ended 30 September 2018 (continued)

On the 30th September 2018 the number of members of the Society was 83.

Member and community engagement are important aspects of the Society's governance and we welcome support, ideas, comments and assistance.

We can be contacted by emailing [reading.hydro.cbs@gmail.com](mailto:reading.hydro.cbs@gmail.com), through the Reading Hydro Project Facebook group, through @rdghydro on Twitter or Instagram, and by signing up for our newsletter via our website: [hydro.readinguk.org](http://hydro.readinguk.org). Anyone can get involved in person by attending our Annual General Meetings or open action evenings and events, which are announced via our main communication channels above.

Our Society's community engagement involves an increasing variety of events and publicity, including a strong online presence and attractive e-newsletter, press releases, action evenings, public social gatherings, partnership with other community groups, and educational links.

The directors also express their sincere thanks to all those who have, and continue to, support the Society and Reading Hydro project.

## Board procedures

The board meets every two to four weeks in person or online, to review the operations of the Society and to take any necessary decisions about the governance, management and future direction of the Society. Throughout the development and construction stages of the project, board activity is necessarily frequent, demanding and multi-faceted.

Once the hydro scheme is operational, a new phase of governance will commence.

## Directors of the Society

The directors who held office during the year were as follows:

Michael Beaven (appointed 10<sup>th</sup> May 2018)  
Tony Cowling  
Sophie Paul (formerly Sophie Fenwick-Paul)  
Erica Purvis  
Sarah Rigby  
Anthony Simpson (resigned 14<sup>th</sup> August 2018)  
Anne Wheldon

No directors received remuneration from Reading Hydro CBS Ltd.

# Reading Hydro CBS Limited

Directors' Report for the Year Ended 30 September 2018 (continued)

## Changes to the board

Under our rules, each year one-third of the elected directors must stand down each year and may offer themselves for re-election. We currently have five elected directors, thus one of the longest-standing, Sarah Rigby, will stand down at the AGM in 2019. She has offered to stand for re-election.

## Appointment of auditors

In accordance with section 83 of the Co-operative and Community Benefit Societies Act 2014, we are deemed a small society for this financial year. At the March 2018 AGM the members agreed to disapply the requirement for accounts to be audited. Instead, our accounts have been reviewed by a qualified accountant.

The Directors propose to table a resolution at the March 2019 AGM to disapply section 83 of the Act for 2018, in line with section 84 of the Act, as the cost of auditing is disproportionate to the current scale of the society.

## Directors' responsibilities

The rules of the Society require the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Society and of the profit or loss of the Society for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Society will continue in business.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Society and enable them to ensure that the financial statements comply with the Co-operative and Community Benefit Societies Act 2014. They are also responsible for safeguarding the assets of the Society and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report was approved by the Directors on <sup>21</sup>..... March 2019 and signed on their behalf by:

**Sophie Paul**  
Director and Chair, Reading Hydro CBS Limited

# Reading Hydro CBS Limited

## **Independent Accountant's Report to the members on the unaudited accounts of Reading Hydro CBS Limited**

We report on the financial statements of the Society for the year ended 30 September 2018 on pages 10 to 14.

This report is made solely to the members as a body. Our reporting work has been undertaken so that we might state to the members those matters we are required to state to them in an independent accountant's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the society and the members as a body, for our work, for this report, or for the opinions we have formed.

### **Respective responsibilities of management committee and independent accountant**

The management committee is responsible for the preparation of the accounts and they consider that an audit is not required for this year and that an independent accountant's report is needed.

It is our responsibility to carry out procedures designed to enable us to report our opinion.

### **Basis of Independent Accountant's Opinion**

Our procedures consisted of comparing the accounts with the books of account kept by the society and making such limited enquiries of the officers of the society as we considered necessary for the purpose of this report. These procedures provide the only assurance expressed in our opinion.

### **Independent Examiner's Opinion**

In our opinion:

- a) The accounts are in agreement with those accounting records kept by the society under the Co-operative and Community Benefit Societies Act 2014, s.75;
- b) Having regard only to, and on the basis of, the information contained in those accounting records, the accounts have been drawn up in a manner consistent with the accounting requirements of the applicable legislation; and
- c) The society satisfied the financial criteria enabling it to disapply the requirement to have an audit of the accounts for the year as specified in the Co-operative and Community Benefit Societies Act 2014, s.84(1), as amended by the Co-operative and Community Benefit Societies Act 2014 (amendments to Audit Requirements) Order 2018.

# Reading Hydro CBS Ltd

## Statement of financial position at 30 September 2018 (continued)

The society is satisfied that it is entitled to exemption from the requirement to obtain an audit under section 84 of the Co-operative and Community Benefit Societies Act 2014 (the Act).

The members have not required the society to obtain an audit of its financial statements for the year in question in accordance with the Act.

The directors acknowledge their responsibilities for:

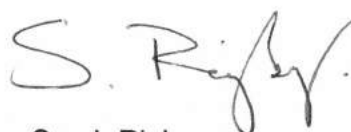

- 1) ensuring that the society keeps proper accounting records which comply with section 75 of the Act;
- 2) establishing and maintaining a satisfactory system of its books of account, its cash holdings and all receipts and payments in order to comply with section 75 of the Act; and
- 3) preparing financial statements which give a true and fair view of the state of affairs of the society as at the end of the financial year and of its income and expenditure for the year in accordance with the requirements of section 80, and which otherwise comply with the requirements of the Act relating to the financial statements, so far as applicable to the society.

These financial statements have been prepared in accordance with Section 1A of FRS 102, "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

These financial statements were approved by the board of directors and authorised for issue on 21 March 2019, and are signed on their behalf by:

Sophie Paul  
Director and Chair

Sarah Rigby  
Finance Director

Anne Wheldon  
Director and Company Secretary

The notes on pages 13 to 14 form an integral part of these financial statements.

## Notes to the Financial Statements for the year ended 30 September 2018

### 1 Accounting policies

#### Summary of Significant Accounting Policies and Key Accounting Estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### Statement of Compliance

These financial statements were prepared in accordance with the provisions applicable to companies subject to the small companies regime and in accordance with the provisions of FRS 102 Section 1A - small entities. There have been no departures from the requirements of FRS 102 Section 1A - small entities.

#### Basis of Preparation

These financial statements have been prepared using the historical cost convention.

#### Summary of Disclosure Exemptions

There are no disclosure exemptions applicable to the Society.

#### Going Concern

In the opinion of the directors, the Society is a going concern.

#### Revenue Recognition

Turnover is the amount derived from ordinary activities and is stated net of Value Added Tax.

#### Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and call deposits.

#### Share Capital

Ordinary shares are classified as equity.

#### Shareholders' Interest

During the reporting year the shares carried no right to interest, dividend or bonus.

### 2 Donations Received

	2018	2017
Donations received from external sources	£554	£60

### 3 Sales Income

For Christmas 2017 Reading Hydro CBS created and sold greetings cards to raise funds for the Society.

	2018	2017
Sale of Christmas Cards	£253	£0
