However, a Director who has served for nine consecutive years in any combination of terms must retire and will not be eligible for re-election for a period commencing at the close of the annual general meeting at which the Director retires until the election opens for a vacancy on the Board, the term of which commences at the close of the next annual general meeting.

- 75 The Board shall meet for the dispatch of business and may adjourn and otherwise regulate its meetings as it thinks fit, provided that it shall meet at least once in every quarter. - 76 The President, or the Chief Executive in consultation with the President or Vice-President, may call a meeting of Directors at any time, but must do so on receipt of a written request, signed by at least three Directors. The President, or Chief Executive, shall fix the date, time and place of such a meeting unless the Board resolves otherwise.
- 77 All acts done by any meeting of the Directors or of a committee or sub-committee or by any Director acting in pursuance of any authority duly given shall, notwithstanding that it be afterwards discovered that there was some defect in the appointment or

qualification of any Director, be as valid as if such Director had been duly appointed or qualified.

Section 3– Conditions for registration.

All societies are registered meeting one of two conditions for registration. These are that the society is either:

- a bona fide co-operative society ('co-operative society'); **or**
- are conducting business for the benefit of the community ('community benefit society').

We must maintain arrangements that are designed to enable us to determine whether a society is complying with the 2014 Act. One way we do this is by requiring societies to complete the questions at either section 3A or 3B of this form when submitting a rule amendment.

Please only answer one set of questions:

- section 3A for bona fide co-operatives; **or**
- section 3B for societies conducting their business for the benefit of the community.

If you are not sure which of these two conditions for registration applies to you, please read chapters 4 and 5 of our guidance:

<https://www.fca.org.uk/publication/finalised-guidance/fg15-12.pdf>

Section 3A – Co-operative societies

Complete this section if your society is a bona fide co-operative society.

3A.1 What is the business of the society? For example, do you provide housing, manufacture goods, develop IT systems etc.

ABCUL is the leading trade association for credit unions in Scotland, England and Wales. It provides members (credit unions who decide to join) with a range of services including legislative and regulatory lobbying, government representation, training and business development, organisational capacity building and media links.

3A.2 Please describe the members' common economic, social and cultural needs and aspirations. In answering this question, please make sure it is clear what needs and aspirations members have in common.

The members of ABCUL (credit unions across the country) exist to serve the member base within their respective field of membership/common bond areas. Each credit union will have primary objectives as follows:

- (a) the promotion of thrift among the members of the society by the accumulation of their savings;
- (b) the creation of sources of credit for the benefit of the members of the society at a fair and reasonable rate of interest;
- (c) the use and control of the members' savings for their mutual benefit; and
- (d) the training and education of the members in the wise use of money and in the management of their financial affairs.

In essence credit unions are registered as deposit takers and will provide additional ethical financial services to build the financial resilience of their member base.

3A.3 How does the society's business meet those needs and aspirations?

You have described the society's business at question 3A.1, and at question 3A.2 you have described the common needs and aspirations of members. Please now describe how that business meets those common needs and aspirations.

Members used the enquiry service to answer queries on a variety of legal, regulatory and operational queries related to the management of credit unions. They were also able to access over 100 information guides and a discussion forum on the members' section of the website. Members attended the Annual Conference to access a range of training and networking opportunities as well as

the Association's AGM and a similar number attended regional ABCUL Forum meetings

3A.4 How do members democratically control the society? For example, do the members elect a board at an annual general meeting; do all members collectively run the society.

Members were able to put forward Motions for discussion at the Association's AGM, speak to those Motions and vote on them. They also had opportunities to nominate and vote on candidates for director positions. The Association was governed by a board of directors selected from the membership, by the membership. Directors also fed back to regional ABCUL Forums on a regular basis, including by providing information on topics discussed at board meetings.

3A.5 What does the society do with any surplus or profit? For instance, do you pay a dividend to members (and if so, on what basis); does money get reinvested in the business; put into reserves; used for some other purpose?

Surplus was transferred to general funds, not distributed to members. One of the objectives of the Association is to build reserves equal to 6 months' running costs.

3A.6 Please state any close links which any of the directors has with any society, company or authority. 'Close links' includes any directorships or senior positions held by directors of the society in other organisations.

3B.3 Please describe how the society's business delivers these benefits? The business of the society must be conducted for the benefit of the community. Please describe *how* the society's business (as described in answer to question 5B.1) provides benefit to the community.

3B.4 Does the society work with a specific community, and if so, please describe it here? For instance, are the society's activities confined to a specific location; or to a specific group of people? Please note that in serving the needs of any defined community, the society should not inhibit the benefit to the community at large.

3B.5 What does the society do with any surplus or profit? For instance, do you donate the money; does money get reinvested in the business; put into reserves; used for some other purpose?

3B.6 Please state any significant commercial arrangements that the society has, or had, with any other organisation that could create, or be perceived as creating, a conflict of interest. Please tell us how you ensure that any such conflict of interest does not prevent the society from acting for the benefit of the community.
