

Annual Return (AR30) form

Society Name: Lister Housing Co-operative Limited

Society Num: 1876 RS

An Annual Return must be completed by all societies registered under the Co-operative and Community Benefit Societies Act 2014 ('the Act') (including any societies previously registered under the Industrial and Provident Societies Act 1965). The Annual Return must include:

- this form;
- a set of the society's accounts; and
- where required, an audit report or report on the accounts.

A society must submit the Annual Return within 7 months of the end of the society's financial year. Failure to submit on time is a prosecutable offence.

Please note that this form, including any details provided on the form, will be made available to the public through the Mutuals Public Register.

For guidance on our registration function for societies, which includes guidance on the requirement to submit an Annual Return, please see here

2.1 What date did the financial year covered by these accounts end?

31/03/2020

3.1 Please provide the names of the people who were directors of the society during the financial year this return covers.

Some societies use the term 'committee member' or 'trustee' instead of 'director'. For ease of reference, we use 'director' throughout this form.

Name of Director	Month of Birth	Year of Birth

 $^{oxed{oxed{\boxtimes}}}$ We have complied with the audit requirements

this Annual Return
Yes
O Not applicable
5.4 Is this society accepted by HM Revenue and Customs (HMRC) as a charity for tax purposes?
○ Yes
No
5.5 If the society is registered with the Office of the Scottish Charity Regulator (OSCR) please provide your OSCR registration number.
○ Registered
Not applicable
5.6 Is the society a housing association?
$^{\circ}$ No
Yes
5.7 Please confirm which housing regulator you are registered with, and provide the registration number they have given you:
O Homes and Communities Agency
Scottish Housing Regulator
○ The Welsh Ministers
Scottish Housing Degistration LLACATO
Scottish Housing Registration Number
6.1 Is the society a subsidiary of another society?
○ Yes
• No
6.2 Does the society have one or more subsidiaries?
(As defined in sections 100 and 101 of the Act)

○ Yes

All societies are registered meeting one of two conditions for registration. These are that the society is either:

- a bona fide co-operative society ('co-operative society'); or
- are conducting business for the benefit of the community ('community benefit society').

You must answer the questions set out in in the next section of this form, depending on which condition for registration you meet.

If you are not sure which condition for registration applies to the society please see chapters 4 and 5 of our guidance here.

7.1 Condition for Registration

- Co-operative society
- O Community Benefits society

Co-operative societies must answer the following questions in relation to the financial year covered by this return.

7A.1 What is the business of the society?

For example, did you provide housing, manufacture goods, develop IT systems etc.

Owning and managing social rented housing for our members.

7A.2 Please describe the members' common economic, social and cultural needs and aspirations.

In answering this question, please make sure it is clear what needs and aspirations members had in common.

Our members need affordable good quality rented accommodation on secure tenancies with good housing service provision and they aspire to have a strong degree of control over that housing to provide fair and egalitarian services and to promote and encourage a good community both within their housing and to the local community.

7A.3 How did the society's business meet those needs and aspirations?

You have described the society's business answer to question 7A.1, and in question 7A.2 you have described the common needs and aspirations of members. Please now describe how during the year that business met those common needs and aspirations.

We continued to provide good quality housing under the control of our members and continue to allocate any vacant housing on fair and equitable grounds to those with strong need for such provision. We involve our members fully in controlling the activities and direction of the organisation.

7A.4 How did members democratically control the society?

For example, did the members elect a board at an annual general meeting; did all members collectively run the society.

All members are invited to attend and vote at our AGM and any SGM in the year. The AGM elects Management Committee members from within the shareholder membership, and the MC runs the organisation between AGMs.

7A.5 What did the society do with any surplus or profit?

For instance, did you pay a dividend to members (and if so, on what basis); did money get reinvested in the business; put into reserves; used for some other purpose?

No surplus/profit is distributed to members; all is retained, held in reserves and re-invested in the co-operative.

ANNUAL REPORT of the COMMITTEE of MANAGEMENT

For the year ended 31 March 2020

The Committee of Management present their Annual Report of the Committee of Management and audited financial statements for the year ended 31 March 2020.

Registration details

Lister is registered as a 'Housing Association' with the Scottish Housing Regulator under the Housing (Scotland) Act 2010, registration number HAC150. It is also registered as a Registered Society under the Co-operative and Community Benefit Societies Act 2014 with the Financial Conduct Authority, registration number 1876R(S). As a fully mutual housing co-operative, Lister gains relief from corporation tax arising from its housing activities. It pays tax on its non-housing activity income.

Principal activity

The principal activity of the Co-operative is the provision of good quality affordable rented housing for those in need. As a fully mutual Co-operative, all Lister tenants are members of the Co-operative and each has a £1 share (which brings no monetary benefits). All members/tenants have a keen interest in both the successful provision of services to tenants and the healthy continuance of the Co-operative.

The aims of the Co-operative

- 1. To provide housing in central Edinburgh for its members, and for people in housing need including those homeless and those in medical need. The housing shall be of a range of flat sizes and types including mainstream, amenity and wheelchair flats and shared flats for single persons.
- 2. The housing will be of affordable rents, of good quality and maintained to a high standard, with an accessible, responsive and caring housing service. The Co-operative is to be under its members' control and be democratically run without any discrimination.
- To promote the development of the community at the Co-operative and with its neighbours.

Structure, governance and management

The Co-operative is controlled by a Committee of Management comprising members elected at the AGM. All Committee members are thus tenants as well. The rules of the Co-operative, based on the Scottish Federation of Housing Association's Model Rules 2013, is the controlling document for the organisation. The Committee of Management meets monthly, apart from in December, and sets out policies, strategies and priorities within which the organisation operates. The day-to-day operation is carried out by the Co-operative staff, who are all on permanent long-term contracts reporting through the Director, Alistair Cant, to the Committee of Management.

The daily work is regulated by policies; the key policies include the Standing Orders, the Financial Regulations and the Financial Procedures. There are well established routines for reporting activity to the Committee of Management, including quarterly financial reporting, as well as a detailed Internal Management Plan.

In addition to this work there are a number of external agents and consultants who are involved in reporting to the Committee of Management and the Annual General Meeting of members. The management accounts are prepared by an external agent - Port of Leith HA. The Financial Statements are reviewed by the external auditor who carries out a full audit.

ANNUAL REPORT of the COMMITTEE of MANAGEMENT (continued)

For the year ended 31 March 2020

Structure, governance and management (continued)

The Committee of Management have engaged a new Internal Auditor consultancy service in 2017 following a joint tendering exercise in conjunction with Manor Estates HA. The firm, Quinn Internal Audit and Business Support Services, carried out an audit in February 2018. Finally the Scottish Housing Regulator (to whom Lister submits regular returns) undertakes regular monitoring and can perform a performance audit visit which would produce a publicly available inspection report. It has other powers that could be used when necessary.

In addition to such formal management and monitoring arrangements, Lister is a member of the Scottish Federation of Housing Associations (SFHA) and Employers in Voluntary Housing (EVH).

Risk management

The Co-operative has an active risk management process, with policies, risk matrix map and a business continuity plan. All major risks are considered so mitigating action can be planned. The health & safety plan is based on the EVH model control manual, enhanced by regular audits by their advisers, ACS Physical Risk Control Ltd. Lister also subscribes to the EVH Landlord H&S manual and the associated audits from ACS.

Key risks include: Internal risks - loss of key staff or committee personnel, fraud, health & safety failures; and these are mitigated by robust policies, procedures, and a range of audits. External risks include: - welfare reform impacts, changes in regulatory requirements, data loss/cyber-security issues and these are mitigated by close attention to external information and advice, active membership of representative bodies and obtaining best-practice advice on IT security and data protection matters.

Business review

The Committee of Management notes that the Co-operative's Statement of Financial Position shows a satisfactory position with net assets of £3.9m (2019: £3.6m). The Co-operative continues to invest in improvements to its properties, including major repairs, cyclical maintenance and the installation and upgrading of gas central heating. The Co-operative funds these programmes either by revenue income or by using reserves. This and other future planned work will enable the flats to be upgraded when scheduled and maintenance carried out promptly. The replacement of certain agreed components is capitalised under the component accounting regulations.

This year the main activities comprised: work to enhance the smoke detector systems, and some energy efficiency work to improve properties. At the end of the financial year, Lister committed to buying a proprietary housing management and finance software system, after careful research.

Key performance indicators

Lister has performed reasonably well for the year - we are above our tough rent arrears target of 2.0%, at 2.8% of current arrears. Our former tenant arrears are under control - with a wages arrestment in place for one debt. Voids are low this year - less than 0.46% of total turnover and there is a continued low vacancy rate. Lister has started advertising vacant properties on the EdIndex Key-to-Choice bidding system, and this is proceeding smoothly.

Future developments and strategies

Lister has no development opportunities at present or any strong desire or need to expand. There is planned activity in 2020-21 to progress the plan for the Energy Efficiency Standard for Social Housing (EESSH) and continue the smoke detector enhancement contract on the Main Site. The Covid-19 situation will impact on the ability to progress this work during 2020.

Committee of Management

The Committee of Management of the Co-operative are listed on the statutory information page at the start of the financial statements.

Senior staff and training

The Co-operative's senior staff member is Alistair Cant, a Fellow of the Chartered Institute of Housing, with 39 years of housing experience. Leading the housing management function is Mark Stolarek, an experienced Housing Officer. Staff and Committee members have the opportunity to attend various courses, seminars and events.

ANNUAL REPORT of the COMMITTEE of MANAGEMENT (continued)

For the year ended 31 March 2020

Maintenance policies

The Co-operative aims to maintain its properties to a high standard. To this end programmes of cyclical maintenance are carried out and programmes of major repairs to cover for such works. Key identified components are capitalised when replaced.

Rent policy

The Co-operative sets its rents using a rent points system. These points are multiplied by the rent point factor, set by the Committee of Management each year, to give the net rental; on top are any service charges. Rents are reviewed on 1 April each year following consultation with all tenants.

Treasury management

The Co-operative, as a matter of policy, does not enter into transactions of a speculative nature. The surplus funds of Lister are managed carefully using long established banks or building societies.

Employee involvement and Health & Safety

Lister encourages employee involvement in all initiatives. A comprehensive Health & Safety Manual backed up by regular inspections and checks is in operation. There are updates every six months from our consultants. Lister also uses the EVH model health & safety manual for Landlord services.

Disabled Employees

Applications for employment by disabled persons are given full and fair consideration for all vacancies in accordance with their particular aptitudes and abilities. In the event of employees becoming disabled, every effort is made to retrain them in order that their employment with the Co-operative may continue.

It is the policy of the Co-operative that training, career development and promotion opportunities should be available to all employees.

Reserves

The Co-operative needs to have reserves to ensure the organisation can function into the future and meet its future liabilities, including the major repairs and investment needs of its 185 flats. The revenue reserve of £3.9m reflects primarily the past investment in the housing stock and reserves for future major repairs. The Co-operative has a cash level of £2.2m to support its future plans and operating requirements. The Co-operative reviews its maintenance spending plans regularly and re-assesses them in relation to reserves and cash flows. The Committee of Management projects that total reserves at 31 March 2021 are likely to be £4.1m.

Going concern

No material uncertainties that may cast significant doubt about the ability of the Co-operative to continue as a going concern have been identified by the Committee of Management. The Committee of Management have a reasonable expectation that the Co-operative has adequate resources to continue operating for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements. The Covid-19 situation has impacted upon Lister along with other businesses however we are managing the process and expect no significant adverse medium to long-term issues.

Surplus for the year

The results for the year are shown in the Statement of Comprehensive Income on page 9. A surplus of £297k was the outcome for the year (2019: surplus £70k).

Credit payment policy

The average payment period is twenty-four days (2019: twenty-four days).

Related Party Transactions

All members of the Committee of Management are tenants. Their tenancies are on the Co-operative's normal tenancy terms and they cannot use their position to their advantage. Transactions with the Committee of Management are disclosed in note 24.

ANNUAL REPORT of the COMMITTEE of MANAGEMENT (continued)

For the year ended 31 March 2020

Disclosure of information to the auditor

To the knowledge and belief of each of the persons who are members of the Committee of Management at the time the report is approved:

- So far as the Committee members are aware, there is no relevant information of which the Co-operative's auditor is unaware and
- They have taken all steps that they ought to have taken as a Committee member in order to make themselves aware of any relevant information, and to establish that the Co-operative's auditor is aware of the information.

Statement of committee responsibilities

The Co-operative and Community Benefit Societies Act 2014 and registered social landlord legislation requires that the Committee of Management prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Co-operative and of the surplus or deficit of the Co-operative for that period. In preparing those financial statements the Committee members are required to:

- select suitable accounting policies and apply them consistently;
- make reasonable and prudent judgements and estimates;
- state whether applicable accounting standards have been followed subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Co-operative will continue in business; and
- prepare a Statement on Internal Financial Control.

The Committee Members are also responsible for:

- keeping proper accounting records which disclose, with reasonable accuracy at any time, the financial position of the Co-operative;
- ensuring that the financial statements comply with the requirements of the Co-operative and Community Benefit Societies Act 2014, the Housing Scotland Act 2010 and the Determination of the Accounting Requirements December 2019; and
- maintaining a satisfactory system of control over accounting records and transactions, and for safeguarding all assets of the Co-operative and, hence, take reasonable steps to prevent and detect fraud and other irregularities.

Auditor

Chiene + Tait LLP were re-appointed as auditor at the June 2019 Annual General Meeting.

The Report of the Committee of Management has been approved on behalf of the Management Committee by

MRS COLLEEN LITTLEWOOD Secretary

36 Lauriston Place Edinburgh EH3 9EZ

23 June 2020

COMMITTEE of MANAGEMENT STATEMENT on INTERNAL FINANCIAL CONTROLS

For the year ended 31 March 2020

The Committee of Management acknowledge their ultimate responsibility for ensuring that the Co-operative has in place a system of controls that is appropriate to the various business environments in which it operates. These controls are designed to give reasonable assurance with respect to:

- the reliability of financial information used within the Co-operative or for publication;
- the maintenance of proper accounting records; and
- the safeguarding of assets (against unauthorised use or disposition).

It is the Committee of Management's responsibility to establish and maintain systems of internal financial control. Such systems can only provide reasonable and not absolute assurance against material financial mis-statement or loss. Key elements include ensuring that:

- formal policies and procedures are in place, including the documentation of key systems and rules relating to the delegation of powers, which allow the monitoring of controls and restricts the unauthorised use of the Co-operative's assets;
- experienced and suitably qualified staff take responsibility for important business functions. Annual review procedures have been established to maintain standards of performance;
- forecasts and budgets are prepared regularly which allow the Committee of Management and staff to
 monitor the key business risks and financial objectives, and progress towards financial plans set for
 the year and the medium term; regular management accounts are prepared promptly, providing
 relevant, reliable and up-to-date financial and other information and significant variances from
 budgets are investigated as appropriate; and
- all significant new initiatives, major commitments and investment projects are subject to formal authorisation procedures, through the Committee of Management.

The Committee of Management reviews reports from Sub Committees, staff and from the external auditors to provide reasonable assurance that control procedures are in place and are being followed. Reports from internal auditors are produced biennially — a report was submitted in 2018. Staff reports include a general review of the major risks facing the Co-operative. Formal procedures have been established for instituting appropriate action to correct weaknesses identified from the above reports.

The Committee of Management has reviewed the system of internal financial control in the Co-operative during the year ended 31 March 2020 and until the date of signing the financial statements. No weaknesses were found in internal financial controls which could result in material losses, contingencies, or uncertainties which require disclosure in the financial statements or in the auditor's report on the financial statements.

These arrangements are considered appropriate to the scale and range of the Co-operative's activities and comply with the requirements contained in the Scottish Housing Regulator's publication "Our Regulatory Framework".

BY ORDER OF THE COMMITTEE OF MANAGEMENT

MRS COLLEEN LITTLEWOOD

Secretary

23 June 2020

REPORT of the AUDITOR on CORPORATE GOVERNANCE MATTERS

For the year ended 31 March 2020

In addition to our audit of the Financial Statements, we have reviewed your statement on page 5 concerning the Co-operative's compliance with the information required by the Regulatory Standards in respect of internal financial controls contained within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes which are issued by the Scottish Housing Regulator.

Basis of Opinion

We carried out our review having regard to the requirements on corporate governance matters within Bulletin 2006/5 issued by the Financial Reporting Council. The Bulletin does not require us to review the effectiveness of the Co-operative's procedures for ensuring compliance with the guidance notes, nor to investigate the appropriateness of the reason given for non-compliance.

Opinion

In our opinion the Statement on Internal Financial Controls on page 5 has provided the disclosures required by the relevant Regulatory Standards within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes issued by the Scottish Housing Regulator in respect of internal financial controls and is consistent with the information which came to our attention as a result of our audit work on the Financial Statements.

Through our enquiry of certain members of the Committee of Management and Officers of the Co-operative and examination of relevant documents, we have satisfied ourselves that the Committee of Management's Statement on Internal Financial Controls appropriately reflects the Co-operative's compliance with the information required by the relevant Regulatory Standards in respect of internal financial controls contained within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes issued by the Scottish Housing Regulator in respect of internal financial controls.

INDEPENDENT AUDITOR'S REPORT to the MEMBERS of

LISTER HOUSING CO-OPERATIVE LIMITED

For the year ended 31 March 2020

Opinion

We have audited the financial statements of Lister Housing Co-operative Limited (the Association) for the year ended 31 March 2020 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Capital and Reserves the Statement of Cash Flows and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Association's affairs as at 31 March 2020 and of its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Co-operative and Community Benefit Societies Act 2014, Part 6 of the Housing (Scotland) Act 2010 and the Determination of Accounting Requirements – 2019.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the association in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in which the ISAs (UK) require us to report to you where:

- the Management Committee's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Management Committee has not disclosed in the financial statements any identified material
 uncertainties that may cast significant doubt about the association's ability to continue to adopt the
 going concern basis of accounting for a period of at least twelve months from the date when the
 financial statements are authorised for issue.

Other information

The Management Committee are responsible for the other information. He other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT to the MEMBERS of

LISTER HOUSING CO-OPERATIVE LIMITED (continued)

For the year ended 31 March 2020

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Co-operative and Community Benefit Societies Act 2014 require us to report to you if, in our opinion:

- a satisfactory system of control over transactions has not been maintained; or
- the Association has not kept proper accounting records; or
- the financial statements are not in agreement with the books of account; or
- we have not received all the information and explanations we need for our audit.

Responsibilities of the Management Committee

As explained more fully in the Statement of the Management Committee's Responsibilities set out on page 4, the Management Committee is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Management Committee determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Committee are responsible for assessing the association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management Committee either intend to liquidate the association or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Association's members, as a body, in accordance with the Co-operative and Community Benefit Societies Act 2014. Our audit work has been undertaken so that we might state to the Association's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Association and the Association's members as a body for our audit work, for this report, or for the opinions we have formed.

NOTES to the FINANCIAL STATEMENTS

For the year ended 31 March 2020

1. General information

The financial statements of have been prepared in accordance with applicable law and United Kingdom Accounting Standards including Financial Reporting Standard 102, 'The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland' (FRS102) (United Kingdom Generally Accepted Accounting Practice), the Housing SORP 2018 'Statement of Recommended Practice for Registered Housing Providers' and they comply with the Determination of Accounting Requirements 2019, and under the historical cost convention, modified to include certain financial instruments and investment properties at fair value.

The Co-operative is defined as a public benefit entity and thus it complies with all disclosure requirements relating to public benefit entities. The Co-operative is a registered social landlord in Scotland and its registered number is HAC150. The registered address is noted within the statutory information page at the start of the financial statements.

These financial statements represent the results of the Co-operative only and are presented in Pounds Sterling (GBP).

2. Principle accounting policies

The principle accounting policies applied in the preparation of these financial statements are noted below. These policies have been applied consistently to all the years presented, in dealing with items which are considered material in relation to the Co-operative's financial statements, unless otherwise stated.

(a) Going concern

The Committee of Management anticipate that a surplus will be generated in the year to 31 March 2021. The Co-operative has healthy cash and net current asset position and thus the Committee of Management are satisfied that there are sufficient resources in place to continue operating for the foreseeable future. Thus, the Committee of Management continue to adopt the going concern basis of accounting in preparing the annual financial statements. See note 25 for further narrative in respect of the impact of Covid-19.

(b) Turnover

Turnover represents rental and service charge income receivable, fees receivable and revenue grants receivable from the Scottish Government, local authorities and other organisations.

(c) Apportionment of administration expenditure

The allocation of administration expenditure to the different account headings is based upon experience of time output according to activity by staff. The allocation to major repairs, capitalised work and enhancements is based upon 6% of the spending on such repairs (the sums allocated to work capitalised under component accounting thus is allocated to fixed assets). This is to enable future maintenance costing analysis and financial projections to be forecast using predictable amounts – the 6% being based upon typical contract management rates. The allocation to services is based similarly upon 5% of spend. The remaining expenditure is allocated on the basis of 54% to housing management, 44.5% to maintenance and 1.5% to non-housing activities. The allocation of the 44.5% between the 'day-to-day' and 'cyclical' elements of maintenance is done on a pro-rata basis according to their relative spending. The Co-operative does keep these allocations under review though usually maintains allocation stability, which also aids year-on-year comparisons.

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

2. Principle accounting policies (continued)

(d) Pensions

The Co-operative participates in the Scottish Housing Associations' Pension Scheme (SHAPS) and retirement benefits to employees of the Co-operative are funded by contributions from all participating employers and employees in the Scheme. Payments are made in accordance with periodic calculations by consulting actuaries and are based on pension costs applicable across the various participating Associations taken as a whole.

It has become possible to identify the share of underlying assets and liabilities belonging to individual participating employers as at 31 March 2019 and the scheme is now accounted for as a defined benefit plan, as opposed to defined contribution, for the benefit of its employees. No new benefits have been introduced and there is no change to the benefits themselves.

A liability for the Co-operative's obligations under the plan is recognised net of plan assets. The net change in the net defined benefit liability is recognised as the cost of the defined benefit plan during the period. Pension plan assets are measured at fair value and the defined benefit obligation is measured on an actuarial basis using the projected unit method. Actuarial valuations are obtained at least triennially and are updated at each balance sheet date.

(e) Leasing

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against the Statement of Comprehensive Income on a straight-line basis over the period of the lease.

(f) Interest income

Interest income is recognised in the Statement of Comprehensive Income using the effective interest method.

(g) Taxation

The Co-operative pays corporation tax on its interest income and commercial letting income. As a Co-operative housing association it is exempt from payment of corporation tax on social lettings activities. Deferred tax is provided on the liability method to take account of timing differences between the treatment for certain items for accounts purposes and the treatment for tax purposes. Tax deferred is accounted for in respect of all material timing differences. Deferred tax assets are only recognised to the extent that they are regarded as recoverable.

(h) Fixed assets – housing land and buildings (Note 9a)

Housing properties are stated at cost less accumulated depreciation. The cost of such properties includes the following:

- j Cost of acquiring land and buildings;
- ii Development expenditure including directly attributable overheads; and
- iii Interest charged on the loans raised to finance the scheme.

Expenditure on schemes that are subsequently aborted is written off in the year in which it is recognised that the scheme will not be developed to completion.

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

2. Principle accounting policies (continued)

(h) Fixed assets – housing land and buildings (continued) (Note 9a)

Works to existing properties will generally be capitalised under the following circumstances:

- Where a component of the housing property that has been treated separately for depreciation purposes and depreciated over its useful economic life is replaced or restored; or
- ii. Where the subsequent expenditure provides an enhancement of the economic benefits of the tangible fixed asset in excess of the previously assessed standard of performance. Such enhancement can occur if the improvements result in an increase in rental income, a material reduction in future maintenance costs or a significant extension of the life of the property.

Works to existing properties which fail to meet the above criteria are charged to the Statement of Comprehensive Income.

Component accounting was adopted six years ago. The major components are now deemed to be land, structure, pitched roofs, flat roofs, kitchens, bathrooms, HMO capital work and landscaping. Each component has a substantially different economic life and is depreciated over this individual life. Depreciation rates are shown in note (i). This accounting policy is deemed to be more appropriate as it reflects better the actual major components of the Co-operative's housing properties and their individual remaining useful lives.

(i) Depreciation

Housing properties

Depreciation is charged on a straight-line basis over the expected individual economic useful lives of each major component that makes up the housing property as follows:

Land	not depreciated			
Structure	over '	100 years		
Pitched roofs	over	60 years		
Flat roofs		25 years		
Kitchens	over	15 years		
Bathrooms	over	25 years		
HMO capital works	over	20 years		
Landscaping	over	20 years		

Other fixed assets

The Co-operative's other fixed assets are written off over their expected useful lives, which are as follows:

Office premises	over 2	20 years
Office equipment	over	5 years
Garden equipment	over	5 years
Computer equipment	over	4 years

A full year's depreciation is charged on these assets in the year of purchase, but no charge is made in the year of disposal.

(j) Investment properties

Investment properties are properties held for commercial lettings. These properties are held at their market value. The fair value of each property will be considered at each reporting date and any changes will be recognised in the Statement of Comprehensive Income.

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

2. Principle accounting policies (continued)

(k) Impairment of non-financial assets

At each reporting date, the Co-operative reviews the carrying amounts of its tangible assets, to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease. Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

(I) Financial instruments

The Co-operative only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and related parties.

Financial assets

Debtors

Debtors which are receivable within one year and which do not constitute a financing transaction are initially measured at the transaction price. Trade debtors are subsequently measured at amortised cost, being the transaction price less any amounts settled and any impairment losses.

Where the arrangement with a trade debtor constitutes a financing transaction, the debtor is initially and subsequently measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument. A provision for impairment of debtors is established when there is objective evidence that the amounts due will not be collected according to the original terms of the contract. Impairment losses are recognised in profit or loss for the excess of the carrying value of the trade debtor over the present value of the future cash flows discounted using the original effective interest rate. Subsequent reversals of an impairment loss that objectively relate to an event occurring after the impairment loss was recognised, are recognised immediately in income and expenditure.

Financial liabilities

Trade creditors

Trade creditors payable within one year that do not constitute a financing transaction are initially measured at the transaction price and subsequently measured at amortised cost, being the transaction price less any amounts settled.

Where the arrangement with a trade creditor constitutes a financing transaction, the creditor is initially and subsequently measured at the present value of future payments discounted at a market rate of interest for a similar instrument.

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

2. Principle accounting policies (continued)

(I) Financial instruments (continued)

Borrowings

Borrowings are initially recognised at the transaction price, including transaction costs, and subsequently measured at amortised cost using the effective interest method. Interest expense is recognised on the basis of the effective interest method and is included in interest payable and other similar charges.

(m) Rental arrears

Rental arrears represent amounts due by tenants for rental of social housing properties at the year end. Rental arrears are reviewed regularly by management and written down to the amount deemed recoverable. Any provision deemed necessary is shown alongside gross rental arrears in Note 10.

(n) Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than twelve months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

(o) Share capital

Ordinary shares are classified as equity. Called up share capital represents the nominal value of shares that have been issued.

(p) Government capital grants

Government capital grants, at amounts approved by The Scottish Government or local authorities, are paid directly to the Co-operative as required to meet its liabilities during the development process. This is treated as a deferred capital grant and is released to income over the useful life of the assets it relates to on completion of the development phase.

(q) Government revenue grants

Government revenue grants are recognised using the accrual model which means the Co-operative recognises the grant in income on a systematic basis over the period in which the Co-operative recognises the related costs for which the grant is intended to compensate.

(r) Non-government capital and revenue grants

Non-government capital and revenue grants are recognised using the performance model. If there are no performance conditions attached the grants are recognised as revenue when the grants are received or receivable. A grant that imposes specific future performance related conditions on the recipient is recognised as revenue only when the performance related conditions are met. A grant received before the revenue recognition criteria are satisfied is recognised as a liability.

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

2. Principle accounting policies (continued)

(s) Judgements in applying policies and key sources of estimation uncertainty

In preparing the financial statements, management is required to make estimates and assumptions which affect reported income, expenses, assets, and liabilities. Use of available information and application of judgement are inherent in the formation of estimates, together with past experience and expectations of future events that are believed to be reasonable under the circumstances. Actual results in the future could differ from such estimates.

The Committee of Management are satisfied that the accounting policies are appropriate and applied consistently. Key sources of estimation have been applied as follows:

Estimate Useful lives of property and other fixed assets	Basis of estimation The useful lives of property and other fixed assets are based on the knowledge of senior management at the Co-operative, with reference to expected asset life cycles.
The main components of Housing properties and their useful lives	The cost of housing properties is split into separately identifiable components. These components were identified by knowledgeable and experienced staff members and based on costing models.
Recoverable amount of rental and other trade receivables	Rental arrears and other trade receivables are reviewed by appropriately experienced senior management team members on a case by case basis with the balance outstanding together with the payment history of the individual tenant being taken into account.
The obligations under the SHAPS pension scheme	This has relied on the actuarial assumptions of a qualified actuary which have been reviewed and are considered reasonable and appropriate.
The valuation of investment property	The investment property was valued by an appropriate employee surveyor using market data at the date of

valuation.

Financial assets measured at amortised cost comprise net rental debtors and accrued income.

Financial liabilities measured at amortised cost comprise trade creditors, accruals and the SHAPS deficit repayments plan.

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

17. Pension commitments

The Co-operative participates in the Scottish Housing Associations' Pension Scheme (the Scheme), a multi-employer scheme which provides benefits to some 150 non-associated employers. The Scheme is a defined benefit scheme in the UK.

The Scheme is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pension schemes in the UK.

The last triennial valuation of the scheme for funding purposes was carried out as at 30 September 2018. This valuation revealed a deficit of £121m. A Recovery Plan has been put in place to eliminate the deficit which will run to 30 September 2022 or 31 March 2023 (depending on funding levels) for the majority of employers, although certain employers have different arrangements.

The Scheme is classified as a 'last-man standing arrangement'. Therefore, the Co-operative is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the scheme. Participating employers are legally required to meet their share of the scheme deficit on an annuity purchase basis on withdrawal from the Scheme.

For financial years ending on or before 28 February 2019, it has not been possible for the company to obtain sufficient information to enable it to account for the Scheme as a defined benefit scheme, therefore the company has accounted for the Scheme as a defined contribution scheme.

For financial years ending on or after 31 March 2019, it is possible to obtain sufficient information to enable the company to account for the Scheme as a defined benefit scheme.

For accounting purposes, a valuation for the scheme was carried out with an effective date of 30 September 2018. The liability figures from this valuation were rolled forward to accounting year-ends for 31 March 2019 to 29 February 2020 inclusive. The liabilities are compared, at the relevant accounting date, with the Co-operative's fair share of the Scheme's total assets to calculate the Co-operative's net deficit or surplus.

Similarly, an actuarial valuation of the Scheme was carried out as at 30 September 2019 to inform the liabilities for accounting year ends from 31 March 2020 to 28 February 2021 inclusive.

Present values of defined benefit obligation, fair value of assets and defined benefit asset/(liability)

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

17. Pension commitments (continued)

Following a change in legislation in September 2005 there is a potential debt on the employer that could be levied by the Trustee of the Scheme. The debt is due in the event of the employer ceasing to participate in the Scheme or the Scheme winding up. The debt for the Scheme as a whole is calculated by comparing the liabilities for the Scheme (calculated on a buyout basis i.e. the cost of securing benefits by purchasing annuity policies from an insurer, plus an allowance for expenses) with the assets of the Scheme. If the liabilities exceed assets there is a buy-out debt.

The leaving employer's share of the buy-out debt is the proportion of the Scheme's liability attributable to employment with the leaving employer compared to the total amount of the Scheme's liabilities (relating to employment with all the currently participating employers). The leaving employer's debt therefore includes a share of any "orphan" liabilities in respect of previously participating employers. The amount of the debt therefore depends on many factors including total Scheme liabilities, Scheme investment performance, the liabilities in respect of current and former employees of the employer, financial conditions at the time of the cessation event and the insurance buy-out market. The amounts of debt can therefore be volatile over time.

18. Share capital	2020	2019
To Chart Suprem	£	£
Shares of £1 fully paid and issued at beginning of year	253	252
Shares issued during year	6	8
Shares cancelled in year	(13)	(7)
Shares issued at end of year	246	253
	=======	=======

Each member of the Co-operative holds one share of £1 in the Co-operative. These shares carry no rights to dividend or distributions on a winding up. When a shareholder ceases to be a member, that person's share is cancelled and the amount paid thereon becomes the property of the Co-operative. Each member has a right to vote at members' meetings.

19. Net cash flow from operating activities	2020 £	2019 £
Surplus for the year	296,575	69,826
Adjustments for non-cash items:	0.255	40,945

Adjustments for investing and financing activities	,	-
Interest received	(31,265)	(24,629)
Net cash inflow from operating activities	218,903	232,100

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

20. Capital commitments

Amounts contracted for but not provided in the financial statements amounted to £nil (2019: £nil). Amounts authorised by the Committee of Management but not contracted for amounted to £nil (2019: £nil).

21. Financial commitments

At 31 March 2020 the Co-operative had future minimum lease payments under non-cancellable operating leases as set out below:

	Other	Otner
	2020	2019
	£	£
Operating leases payable:		
Within one year	865	865
Between one and five years	717	1,223
	1,582	2,088
		=======

22. Contingent liabilities

At 31 March 2020 apart from the matter outlined in Note 17 on Pension commitments, the Co-operative had £nil contingent liabilities (2019: £nil).

23. Housing stock

The number of units in management at 31 March 2020 was as follows:

General Housing Needs	20 £	2019 £
L/CHapilifation -	71 14	171 14
1	85	185

There is no Supported or Shared ownership accommodation.

There are no units managed by other bodies.

24. Related party transactions

All members of the Committee of Management are also tenants of the Co-operative. The tenancies of these members are on Scottish Secure Tenancy terms. The total rent received in the year relating to tenant Board members is £53,989 (2019: £47,287). The total rent arrears relating to tenant Board members included within debtors at the year-end is £780 (2019: £20).

25. Subsequent events

Subsequent to the year-end the Committee of Management are aware of material uncertainties related to Covid-19 that may cast doubt upon the Co-operative's ability to continue as a going concern. However, the Committee of Management are continually developing and implementing mitigating actions and processes to ensure that the Co-operative continues to function and manage future operations and those of their workforce and stakeholders.

ANNUAL REPORT of the COMMITTEE of MANAGEMENT

For the year ended 31 March 2020

The Committee of Management present their Annual Report of the Committee of Management and audited financial statements for the year ended 31 March 2020.

Registration details

Lister is registered as a 'Housing Association' with the Scottish Housing Regulator under the Housing (Scotland) Act 2010, registration number HAC150. It is also registered as a Registered Society under the Co-operative and Community Benefit Societies Act 2014 with the Financial Conduct Authority, registration number 1876R(S). As a fully mutual housing co-operative, Lister gains relief from corporation tax arising from its housing activities. It pays tax on its non-housing activity income.

Principal activity

The principal activity of the Co-operative is the provision of good quality affordable rented housing for those in need. As a fully mutual Co-operative, all Lister tenants are members of the Co-operative and each has a £1 share (which brings no monetary benefits). All members/tenants have a keen interest in both the successful provision of services to tenants and the healthy continuance of the Co-operative.

The aims of the Co-operative

- To provide housing in central Edinburgh for its members, and for people in housing need including those homeless and those in medical need. The housing shall be of a range of flat sizes and types including mainstream, amenity and wheelchair flats and shared flats for single persons.
- 2. The housing will be of affordable rents, of good quality and maintained to a high standard, with an accessible, responsive and caring housing service. The Co-operative is to be under its members' control and be democratically run without any discrimination.
- 3. To promote the development of the community at the Co-operative and with its neighbours.

Structure, governance and management

The Co-operative is controlled by a Committee of Management comprising members elected at the AGM. All Committee members are thus tenants as well. The rules of the Co-operative, based on the Scottish Federation of Housing Association's Model Rules 2013, is the controlling document for the organisation. The Committee of Management meets monthly, apart from in December, and sets out policies, strategies and priorities within which the organisation operates. The day-to-day operation is carried out by the Co-operative staff, who are all on permanent long-term contracts reporting through the Director. Alistair Cant, to the Committee of Management.

The daily work is regulated by policies; the key policies include the Standing Orders, the Financial Regulations and the Financial Procedures. There are well established routines for reporting activity to the Committee of Management, including quarterly financial reporting, as well as a detailed Internal Management Plan.

In addition to this work there are a number of external agents and consultants who are involved in reporting to the Committee of Management and the Annual General Meeting of members. The management accounts are prepared by an external agent - Port of Leith HA. The Financial Statements are reviewed by the external auditor who carries out a full audit.

ANNUAL REPORT of the COMMITTEE of MANAGEMENT (continued)

For the year ended 31 March 2020

Structure, governance and management (continued)

The Committee of Management have engaged a new Internal Auditor consultancy service in 2017 following a joint tendering exercise in conjunction with Manor Estates HA. The firm, Quinn Internal Audit and Business Support Services, carried out an audit in February 2018. Finally the Scottish Housing Regulator (to whom Lister submits regular returns) undertakes regular monitoring and can perform a performance audit visit which would produce a publicly available inspection report. It has other powers that could be used when necessary.

In addition to such formal management and monitoring arrangements, Lister is a member of the Scottish Federation of Housing Associations (SFHA) and Employers in Voluntary Housing (EVH).

Risk management

The Co-operative has an active risk management process, with policies, risk matrix map and a business continuity plan. All major risks are considered so mitigating action can be planned. The health & safety plan is based on the EVH model control manual, enhanced by regular audits by their advisers, ACS Physical Risk Control Ltd. Lister also subscribes to the EVH Landlord H&S manual and the associated audits from ACS.

Key risks include: Internal risks - loss of key staff or committee personnel, fraud, health & safety failures; and these are mitigated by robust policies, procedures, and a range of audits. External risks include: - welfare reform impacts, changes in regulatory requirements, data loss/cyber-security issues and these are mitigated by close attention to external information and advice, active membership of representative bodies and obtaining best-practice advice on IT security and data protection matters.

Business review

The Committee of Management notes that the Co-operative's Statement of Financial Position shows a satisfactory position with net assets of £3.9m (2019: £3.6m). The Co-operative continues to invest in improvements to its properties, including major repairs, cyclical maintenance and the installation and upgrading of gas central heating. The Co-operative funds these programmes either by revenue income or by using reserves. This and other future planned work will enable the flats to be upgraded when scheduled and maintenance carried out promptly. The replacement of certain agreed components is capitalised under the component accounting regulations.

This year the main activities comprised: work to enhance the smoke detector systems, and some energy efficiency work to improve properties. At the end of the financial year, Lister committed to buying a proprietary housing management and finance software system, after careful research.

Key performance indicators

Lister has performed reasonably well for the year - we are above our tough rent arrears target of 2.0%, at 2.8% of current arrears. Our former tenant arrears are under control - with a wages arrestment in place for one debt. Voids are low this year - less than 0.46% of total turnover and there is a continued low vacancy rate. Lister has started advertising vacant properties on the EdIndex Key-to-Choice bidding system, and this is proceeding smoothly.

Future developments and strategies

Lister has no development opportunities at present or any strong desire or need to expand. There is planned activity in 2020-21 to progress the plan for the Energy Efficiency Standard for Social Housing (EESSH) and continue the smoke detector enhancement contract on the Main Site. The Covid-19 situation will impact on the ability to progress this work during 2020.

Committee of Management

The Committee of Management of the Co-operative are listed on the statutory information page at the start of the financial statements.

Senior staff and training

The Co-operative's senior staff member is Alistair Cant, a Fellow of the Chartered Institute of Housing, with 39 years of housing experience. Leading the housing management function is Mark Stolarek, an experienced Housing Officer. Staff and Committee members have the opportunity to attend various courses, seminars and events.

ANNUAL REPORT of the COMMITTEE of MANAGEMENT (continued)

For the year ended 31 March 2020

Maintenance policies

The Co-operative aims to maintain its properties to a high standard. To this end programmes of cyclical maintenance are carried out and programmes of major repairs to cover for such works. Key identified components are capitalised when replaced.

Rent policy

The Co-operative sets its rents using a rent points system. These points are multiplied by the rent point factor, set by the Committee of Management each year, to give the net rental; on top are any service charges. Rents are reviewed on 1 April each year following consultation with all tenants.

Treasury management

The Co-operative, as a matter of policy, does not enter into transactions of a speculative nature. The surplus funds of Lister are managed carefully using long established banks or building societies.

Employee involvement and Health & Safety

Lister encourages employee involvement in all initiatives. A comprehensive Health & Safety Manual backed up by regular inspections and checks is in operation. There are updates every six months from our consultants. Lister also uses the EVH model health & safety manual for Landlord services.

Disabled Employees

Applications for employment by disabled persons are given full and fair consideration for all vacancies in accordance with their particular aptitudes and abilities. In the event of employees becoming disabled, every effort is made to retrain them in order that their employment with the Co-operative may continue.

It is the policy of the Co-operative that training, career development and promotion opportunities should be available to all employees.

Reserves

The Co-operative needs to have reserves to ensure the organisation can function into the future and meet its future liabilities, including the major repairs and investment needs of its 185 flats. The revenue reserve of £3.9m reflects primarily the past investment in the housing stock and reserves for future major repairs. The Co-operative has a cash level of £2.2m to support its future plans and operating requirements. The Co-operative reviews its maintenance spending plans regularly and re-assesses them in relation to reserves and cash flows. The Committee of Management projects that total reserves at 31 March 2021 are likely to be £4.1m.

Going concern

No material uncertainties that may cast significant doubt about the ability of the Co-operative to continue as a going concern have been identified by the Committee of Management. The Committee of Management have a reasonable expectation that the Co-operative has adequate resources to continue operating for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements. The Covid-19 situation has impacted upon Lister along with other businesses however we are managing the process and expect no significant adverse medium to long-term issues.

Surplus for the year

The results for the year are shown in the Statement of Comprehensive Income on page 9. A surplus of £297k was the outcome for the year (2019: surplus £70k).

Credit payment policy

The average payment period is twenty-four days (2019: twenty-four days).

Related Party Transactions

All members of the Committee of Management are tenants. Their tenancies are on the Co-operative's normal tenancy terms and they cannot use their position to their advantage. Transactions with the Committee of Management are disclosed in note 24.

ANNUAL REPORT of the COMMITTEE of MANAGEMENT (continued)

For the year ended 31 March 2020

Disclosure of information to the auditor

To the knowledge and belief of each of the persons who are members of the Committee of Management at the time the report is approved:

- So far as the Committee members are aware, there is no relevant information of which the Co-operative's auditor is unaware and
- They have taken all steps that they ought to have taken as a Committee member in order to make themselves aware of any relevant information, and to establish that the Co-operative's auditor is aware of the information.

Statement of committee responsibilities

The Co-operative and Community Benefit Societies Act 2014 and registered social landlord legislation requires that the Committee of Management prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Co-operative and of the surplus or deficit of the Co-operative for that period. In preparing those financial statements the Committee members are required to:

- select suitable accounting policies and apply them consistently;
- make reasonable and prudent judgements and estimates;
- state whether applicable accounting standards have been followed subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Co-operative will continue in business; and
- prepare a Statement on Internal Financial Control.

The Committee Members are also responsible for:

- keeping proper accounting records which disclose, with reasonable accuracy at any time, the financial
 position of the Co-operative;
- ensuring that the financial statements comply with the requirements of the Co-operative and Community Benefit Societies Act 2014, the Housing Scotland Act 2010 and the Determination of the Accounting Requirements December 2019; and
- maintaining a satisfactory system of control over accounting records and transactions, and for safeguarding all assets of the Co-operative and, hence, take reasonable steps to prevent and detect fraud and other irregularities.

Auditor

Chiene + Tait LLP were re-appointed as auditor at the June 2019 Annual General Meeting.

The Report of the Committee of Management has been approved on behalf of the Management Committee by

MRS COLLEEN LITTLEWOOD Secretary

36 Lauriston Place Edinburgh EH3 9EZ

COMMITTEE of MANAGEMENT STATEMENT on INTERNAL FINANCIAL CONTROLS

For the year ended 31 March 2020

The Committee of Management acknowledge their ultimate responsibility for ensuring that the Co-operative has in place a system of controls that is appropriate to the various business environments in which it operates. These controls are designed to give reasonable assurance with respect to:

- the reliability of financial information used within the Co-operative or for publication;
- the maintenance of proper accounting records; and
- the safeguarding of assets (against unauthorised use or disposition).

It is the Committee of Management's responsibility to establish and maintain systems of internal financial control. Such systems can only provide reasonable and not absolute assurance against material financial mis-statement or loss. Key elements include ensuring that:

- formal policies and procedures are in place, including the documentation of key systems and rules
 relating to the delegation of powers, which allow the monitoring of controls and restricts the
 unauthorised use of the Co-operative's assets;
- experienced and suitably qualified staff take responsibility for important business functions. Annual review procedures have been established to maintain standards of performance;
- forecasts and budgets are prepared regularly which allow the Committee of Management and staff to
 monitor the key business risks and financial objectives, and progress towards financial plans set for
 the year and the medium term; regular management accounts are prepared promptly, providing
 relevant, reliable and up-to-date financial and other information and significant variances from
 budgets are investigated as appropriate; and
- all significant new initiatives, major commitments and investment projects are subject to formal authorisation procedures, through the Committee of Management.

The Committee of Management reviews reports from Sub Committees, staff and from the external auditors to provide reasonable assurance that control procedures are in place and are being followed. Reports from internal auditors are produced biennially — a report was submitted in 2018. Staff reports include a general review of the major risks facing the Co-operative. Formal procedures have been established for instituting appropriate action to correct weaknesses identified from the above reports.

The Committee of Management has reviewed the system of internal financial control in the Co-operative during the year ended 31 March 2020 and until the date of signing the financial statements. No weaknesses were found in internal financial controls which could result in material losses, contingencies, or uncertainties which require disclosure in the financial statements or in the auditor's report on the financial statements.

These arrangements are considered appropriate to the scale and range of the Co-operative's activities and comply with the requirements contained in the Scottish Housing Regulator's publication "Our Regulatory Framework".

BY ORDER OF THE COMMITTEE OF MANAGEMENT

MRS COLLEEN LITTLEWOOD Secretary

REPORT of the AUDITOR on CORPORATE GOVERNANCE MATTERS

For the year ended 31 March 2020

In addition to our audit of the Financial Statements, we have reviewed your statement on page 5 concerning the Co-operative's compliance with the information required by the Regulatory Standards in respect of internal financial controls contained within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes which are issued by the Scottish Housing Regulator.

Basis of Opinion

We carried out our review having regard to the requirements on corporate governance matters within Bulletin 2006/5 issued by the Financial Reporting Council. The Bulletin does not require us to review the effectiveness of the Co-operative's procedures for ensuring compliance with the guidance notes, nor to investigate the appropriateness of the reason given for non-compliance.

Opinion

In our opinion the Statement on Internal Financial Controls on page 5 has provided the disclosures required by the relevant Regulatory Standards within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes issued by the Scottish Housing Regulator in respect of internal financial controls and is consistent with the information which came to our attention as a result of our audit work on the Financial Statements.

Through our enquiry of certain members of the Committee of Management and Officers of the Co-operative and examination of relevant documents, we have satisfied ourselves that the Committee of Management's Statement on Internal Financial Controls appropriately reflects the Co-operative's compliance with the information required by the relevant Regulatory Standards in respect of internal financial controls contained within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes issued by the Scottish Housing Regulator in respect of internal financial controls.

INDEPENDENT AUDITOR'S REPORT to the MEMBERS of

LISTER HOUSING CO-OPERATIVE LIMITED

For the year ended 31 March 2020

Opinion

We have audited the financial statements of Lister Housing Co-operative Limited (the Association) for the year ended 31 March 2020 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Capital and Reserves the Statement of Cash Flows and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Association's affairs as at 31 March 2020 and of its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Co-operative and Community Benefit Societies Act 2014, Part 6 of the Housing (Scotland) Act 2010 and the Determination of Accounting Requirements – 2019.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the association in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in which the ISAs (UK) require us to report to you where:

- the Management Committee's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Management Committee has not disclosed in the financial statements any identified material
 uncertainties that may cast significant doubt about the association's ability to continue to adopt the
 going concern basis of accounting for a period of at least twelve months from the date when the
 financial statements are authorised for issue.

Other information

The Management Committee are responsible for the other information. He other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT to the MEMBERS of

LISTER HOUSING CO-OPERATIVE LIMITED (continued)

For the year ended 31 March 2020

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Co-operative and Community Benefit Societies Act 2014 require us to report to you if, in our opinion:

- a satisfactory system of control over transactions has not been maintained; or
- the Association has not kept proper accounting records; or
- the financial statements are not in agreement with the books of account; or
- we have not received all the information and explanations we need for our audit.

Responsibilities of the Management Committee

As explained more fully in the Statement of the Management Committee's Responsibilities set out on page 4, the Management Committee is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Management Committee determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Committee are responsible for assessing the association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management Committee either intend to liquidate the association or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Association's members, as a body, in accordance with the Co-operative and Community Benefit Societies Act 2014. Our audit work has been undertaken so that we might state to the Association's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Association and the Association's members as a body for our audit work, for this report, or for the opinions we have formed.

NOTES to the FINANCIAL STATEMENTS

For the year ended 31 March 2020

1. General information

The financial statements of have been prepared in accordance with applicable law and United Kingdom Accounting Standards including Financial Reporting Standard 102, 'The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland' (FRS102) (United Kingdom Generally Accepted Accounting Practice), the Housing SORP 2018 'Statement of Recommended Practice for Registered Housing Providers' and they comply with the Determination of Accounting Requirements 2019, and under the historical cost convention, modified to include certain financial instruments and investment properties at fair value.

The Co-operative is defined as a public benefit entity and thus it complies with all disclosure requirements relating to public benefit entities. The Co-operative is a registered social landlord in Scotland and its registered number is HAC150. The registered address is noted within the statutory information page at the start of the financial statements.

These financial statements represent the results of the Co-operative only and are presented in Pounds Sterling (GBP).

2. Principle accounting policies

The principle accounting policies applied in the preparation of these financial statements are noted below. These policies have been applied consistently to all the years presented, in dealing with items which are considered material in relation to the Co-operative's financial statements, unless otherwise stated.

(a) Going concern

The Committee of Management anticipate that a surplus will be generated in the year to 31 March 2021. The Co-operative has healthy cash and net current asset position and thus the Committee of Management are satisfied that there are sufficient resources in place to continue operating for the foreseeable future. Thus, the Committee of Management continue to adopt the going concern basis of accounting in preparing the annual financial statements. See note 25 for further narrative in respect of the impact of Covid-19.

(b) Turnover

Turnover represents rental and service charge income receivable, fees receivable and revenue grants receivable from the Scottish Government, local authorities and other organisations.

(c) Apportionment of administration expenditure

The allocation of administration expenditure to the different account headings is based upon experience of time output according to activity by staff. The allocation to major repairs, capitalised work and enhancements is based upon 6% of the spending on such repairs (the sums allocated to work capitalised under component accounting thus is allocated to fixed assets). This is to enable future maintenance costing analysis and financial projections to be forecast using predictable amounts – the 6% being based upon typical contract management rates. The allocation to services is based similarly upon 5% of spend. The remaining expenditure is allocated on the basis of 54% to housing management, 44.5% to maintenance and 1.5% to non-housing activities. The allocation of the 44.5% between the 'day-to-day' and 'cyclical' elements of maintenance is done on a pro-rata basis according to their relative spending. The Co-operative does keep these allocations under review though usually maintains allocation stability, which also aids year-on-year comparisons.

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

2. Principle accounting policies (continued)

(d) Pensions

The Co-operative participates in the Scottish Housing Associations' Pension Scheme (SHAPS) and retirement benefits to employees of the Co-operative are funded by contributions from all participating employers and employees in the Scheme. Payments are made in accordance with periodic calculations by consulting actuaries and are based on pension costs applicable across the various participating Associations taken as a whole.

It has become possible to identify the share of underlying assets and liabilities belonging to individual participating employers as at 31 March 2019 and the scheme is now accounted for as a defined benefit plan, as opposed to defined contribution, for the benefit of its employees. No new benefits have been introduced and there is no change to the benefits themselves.

A liability for the Co-operative's obligations under the plan is recognised net of plan assets. The net change in the net defined benefit liability is recognised as the cost of the defined benefit plan during the period. Pension plan assets are measured at fair value and the defined benefit obligation is measured on an actuarial basis using the projected unit method. Actuarial valuations are obtained at least triennially and are updated at each balance sheet date.

(e) Leasing

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against the Statement of Comprehensive Income on a straight-line basis over the period of the lease.

(f) Interest income

Interest income is recognised in the Statement of Comprehensive Income using the effective interest method.

(g) Taxation

The Co-operative pays corporation tax on its interest income and commercial letting income. As a Co-operative housing association it is exempt from payment of corporation tax on social lettings activities. Deferred tax is provided on the liability method to take account of timing differences between the treatment for certain items for accounts purposes and the treatment for tax purposes. Tax deferred is accounted for in respect of all material timing differences. Deferred tax assets are only recognised to the extent that they are regarded as recoverable.

(h) Fixed assets - housing land and buildings (Note 9a)

Housing properties are stated at cost less accumulated depreciation. The cost of such properties includes the following:

- i Cost of acquiring land and buildings;
- ii Development expenditure including directly attributable overheads; and
- iii Interest charged on the loans raised to finance the scheme.

Expenditure on schemes that are subsequently aborted is written off in the year in which it is recognised that the scheme will not be developed to completion.

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

2. Principle accounting policies (continued)

(h) Fixed assets – housing land and buildings (continued) (Note 9a)

Works to existing properties will generally be capitalised under the following circumstances:

- Where a component of the housing property that has been treated separately for depreciation purposes and depreciated over its useful economic life is replaced or restored; or
- ii. Where the subsequent expenditure provides an enhancement of the economic benefits of the tangible fixed asset in excess of the previously assessed standard of performance. Such enhancement can occur if the improvements result in an increase in rental income, a material reduction in future maintenance costs or a significant extension of the life of the property.

Works to existing properties which fail to meet the above criteria are charged to the Statement of Comprehensive Income.

Component accounting was adopted six years ago. The major components are now deemed to be land, structure, pitched roofs, flat roofs, kitchens, bathrooms, HMO capital work and landscaping. Each component has a substantially different economic life and is depreciated over this individual life. Depreciation rates are shown in note (i). This accounting policy is deemed to be more appropriate as it reflects better the actual major components of the Co-operative's housing properties and their individual remaining useful lives.

(i) Depreciation

Housing properties

Depreciation is charged on a straight-line basis over the expected individual economic useful lives of each major component that makes up the housing property as follows:

Land	not de	preciated
Structure	over '	100 years
Pitched roofs	over	60 years
Flat roofs	over	25 years
Kitchens	over	15 years
Bathrooms	over	25 years
HMO capital works	over	20 years
Landscaping	over	20 years

Other fixed assets

The Co-operative's other fixed assets are written off over their expected useful lives, which are as follows:

Office premises	over 20 years
Office equipment	over 5 years
Garden equipment	over 5 years
Computer equipment	over 4 years

A full year's depreciation is charged on these assets in the year of purchase, but no charge is made in the year of disposal.

(j) Investment properties

Investment properties are properties held for commercial lettings. These properties are held at their market value. The fair value of each property will be considered at each reporting date and any changes will be recognised in the Statement of Comprehensive Income.

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

2. Principle accounting policies (continued)

(k) Impairment of non-financial assets

At each reporting date, the Co-operative reviews the carrying amounts of its tangible assets, to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease. Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

(I) Financial instruments

The Co-operative only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and related parties.

Financial assets

Debtors

Debtors which are receivable within one year and which do not constitute a financing transaction are initially measured at the transaction price. Trade debtors are subsequently measured at amortised cost, being the transaction price less any amounts settled and any impairment losses.

Where the arrangement with a trade debtor constitutes a financing transaction, the debtor is initially and subsequently measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument. A provision for impairment of debtors is established when there is objective evidence that the amounts due will not be collected according to the original terms of the contract. Impairment losses are recognised in profit or loss for the excess of the carrying value of the trade debtor over the present value of the future cash flows discounted using the original effective interest rate. Subsequent reversals of an impairment loss that objectively relate to an event occurring after the impairment loss was recognised, are recognised immediately in income and expenditure.

Financial liabilities

Trade creditors

Trade creditors payable within one year that do not constitute a financing transaction are initially measured at the transaction price and subsequently measured at amortised cost, being the transaction price less any amounts settled.

Where the arrangement with a trade creditor constitutes a financing transaction, the creditor is initially and subsequently measured at the present value of future payments discounted at a market rate of interest for a similar instrument.

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

2. Principle accounting policies (continued)

(I) Financial instruments (continued)

Borrowings

Borrowings are initially recognised at the transaction price, including transaction costs, and subsequently measured at amortised cost using the effective interest method. Interest expense is recognised on the basis of the effective interest method and is included in interest payable and other similar charges.

(m) Rental arrears

Rental arrears represent amounts due by tenants for rental of social housing properties at the year end. Rental arrears are reviewed regularly by management and written down to the amount deemed recoverable. Any provision deemed necessary is shown alongside gross rental arrears in Note 10.

(n) Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than twelve months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

(o) Share capital

Ordinary shares are classified as equity. Called up share capital represents the nominal value of shares that have been issued.

(p) Government capital grants

Government capital grants, at amounts approved by The Scottish Government or local authorities, are paid directly to the Co-operative as required to meet its liabilities during the development process. This is treated as a deferred capital grant and is released to income over the useful life of the assets it relates to on completion of the development phase.

(q) Government revenue grants

Government revenue grants are recognised using the accrual model which means the Co-operative recognises the grant in income on a systematic basis over the period in which the Co-operative recognises the related costs for which the grant is intended to compensate.

(r) Non-government capital and revenue grants

Non-government capital and revenue grants are recognised using the performance model. If there are no performance conditions attached the grants are recognised as revenue when the grants are received or receivable. A grant that imposes specific future performance related conditions on the recipient is recognised as revenue only when the performance related conditions are met. A grant received before the revenue recognition criteria are satisfied is recognised as a liability.

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

2. Principle accounting policies (continued)

(s) Judgements in applying policies and key sources of estimation uncertainty

In preparing the financial statements, management is required to make estimates and assumptions which affect reported income, expenses, assets, and liabilities. Use of available information and application of judgement are inherent in the formation of estimates, together with past experience and expectations of future events that are believed to be reasonable under the circumstances. Actual results in the future could differ from such estimates.

The Committee of Management are satisfied that the accounting policies are appropriate and applied consistently. Key sources of estimation have been applied as follows:

Estimate Useful lives of property and other fixed assets	Basis of estimation The useful lives of property and other fixed assets are based on the knowledge of senior management at the Co-operative, with reference to expected asset life cycles.
The main components of Housing properties and their useful lives	The cost of housing properties is split into separately identifiable components. These components were identified by knowledgeable and experienced staff members and based on costing models.
Recoverable amount of rental and other trade receivables	Rental arrears and other trade receivables are reviewed by appropriately experienced senior management team members on a case by case basis with the balance outstanding together with the payment history of the individual tenant being taken into account.
The obligations under the SHAPS pension scheme	This has relied on the actuarial assumptions of a qualified actuary which have been reviewed and are considered reasonable and appropriate.
The valuation of investment property	The investment property was valued by an appropriate employee surveyor using market data at the date of valuation.

Financial assets measured at amortised cost comprise net rental debtors and accrued income.

Financial liabilities measured at amortised cost comprise trade creditors, accruals and the SHAPS deficit repayments plan.

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

17. Pension commitments

The Co-operative participates in the Scottish Housing Associations' Pension Scheme (the Scheme), a multi-employer scheme which provides benefits to some 150 non-associated employers. The Scheme is a defined benefit scheme in the UK.

The Scheme is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pension schemes in the UK.

The last triennial valuation of the scheme for funding purposes was carried out as at 30 September 2018. This valuation revealed a deficit of £121m. A Recovery Plan has been put in place to eliminate the deficit which will run to 30 September 2022 or 31 March 2023 (depending on funding levels) for the majority of employers, although certain employers have different arrangements.

The Scheme is classified as a 'last-man standing arrangement'. Therefore, the Co-operative is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the scheme. Participating employers are legally required to meet their share of the scheme deficit on an annuity purchase basis on withdrawal from the Scheme.

For financial years ending on or before 28 February 2019, it has not been possible for the company to obtain sufficient information to enable it to account for the Scheme as a defined benefit scheme, therefore the company has accounted for the Scheme as a defined contribution scheme.

For financial years ending on or after 31 March 2019, it is possible to obtain sufficient information to enable the company to account for the Scheme as a defined benefit scheme.

For accounting purposes, a valuation for the scheme was carried out with an effective date of 30 September 2018. The liability figures from this valuation were rolled forward to accounting year-ends for 31 March 2019 to 29 February 2020 inclusive. The liabilities are compared, at the relevant accounting date, with the Co-operative's fair share of the Scheme's total assets to calculate the Co-operative's net deficit or surplus.

Similarly, an actuarial valuation of the Scheme was carried out as at 30 September 2019 to inform the liabilities for accounting year ends from 31 March 2020 to 28 February 2021 inclusive.

Present values of defined benefit obligation, fair value of assets and defined benefit asset/(liability)

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

17. Pension commitments (continued)

Following a change in legislation in September 2005 there is a potential debt on the employer that could be levied by the Trustee of the Scheme. The debt is due in the event of the employer ceasing to participate in the Scheme or the Scheme winding up. The debt for the Scheme as a whole is calculated by comparing the liabilities for the Scheme (calculated on a buyout basis i.e. the cost of securing benefits by purchasing annuity policies from an insurer, plus an allowance for expenses) with the assets of the Scheme. If the liabilities exceed assets there is a buy-out debt.

The leaving employer's share of the buy-out debt is the proportion of the Scheme's liability attributable to employment with the leaving employer compared to the total amount of the Scheme's liabilities (relating to employment with all the currently participating employers). The leaving employer's debt therefore includes a share of any "orphan" liabilities in respect of previously participating employers. The amount of the debt therefore depends on many factors including total Scheme liabilities, Scheme investment performance, the liabilities in respect of current and former employees of the employer, financial conditions at the time of the cessation event and the insurance buy-out market. The amounts of debt can therefore be volatile over time.

18. Share capital	2020	2019
	£	£
Shares of £1 fully paid and issued at beginning of year	253	252
Shares issued during year	6	8
Shares cancelled in year	(13)	(7)
		
Shares issued at end of year	246	253
	======	======

Each member of the Co-operative holds one share of £1 in the Co-operative. These shares carry no rights to dividend or distributions on a winding up. When a shareholder ceases to be a member, that person's share is cancelled and the amount paid thereon becomes the property of the Co-operative. Each member has a right to vote at members' meetings.

19. Net cash flow from operating activities	2020 £	2019 £
Surplus for the year Adjustments for non-cash items:	296,575	69,826

Adjustments for investing and financing activities	, , ,	, , ,
Interest received	(31,265)	(24,629)
Net cash inflow from operating activities	218,903	232,100

NOTES to the FINANCIAL STATEMENTS (continued)

For the year ended 31 March 2020

20. Capital commitments

Amounts contracted for but not provided in the financial statements amounted to £nil (2019: £nil). Amounts authorised by the Committee of Management but not contracted for amounted to £nil (2019: £nil).

21. Financial commitments

At 31 March 2020 the Co-operative had future minimum lease payments under non-cancellable operating leases as set out below:

	Other	Other
	2020	2019
	£	£
Operating leases payable:		
Within one year	865	865
Between one and five years	717	1,223
	1,582	2,088
	========	======

22. Contingent liabilities

At 31 March 2020 apart from the matter outlined in Note 17 on Pension commitments, the Co-operative had £nil contingent liabilities (2019: £nil).

23. Housing stock

The number of units in management at 31 March 2020 was as follows:

General Housing Needs 2020	2019 £
Rehabilitation 171 New build 14	171 14
185	185

There is no Supported or Shared ownership accommodation.

There are no units managed by other bodies.

24. Related party transactions

All members of the Committee of Management are also tenants of the Co-operative. The tenancies of these members are on Scottish Secure Tenancy terms. The total rent received in the year relating to tenant Board members is £53,989 (2019: £47,287). The total rent arrears relating to tenant Board members included within debtors at the year-end is £780 (2019: £20).

25. Subsequent events

Subsequent to the year-end the Committee of Management are aware of material uncertainties related to Covid-19 that may cast doubt upon the Co-operative's ability to continue as a going concern. However, the Committee of Management are continually developing and implementing mitigating actions and processes to ensure that the Co-operative continues to function and manage future operations and those of their workforce and stakeholders.
