

# Annual Return (AR30) form

## Section 1 – About this form

An Annual Return must be completed by all societies registered under the Co-operative and Community Benefit Societies Act 2014 ('the Act') (including any societies previously registered under the Industrial and Provident Societies Act 1965) or the Co-operative and Community Benefit Societies Act (Northern Ireland) 1969 ('the Act') (including any societies previously registered under the Industrial and Provident Societies Act 1969). The Annual Return must include:

- this form;
- a set of the society's accounts; and
- where required, an audit report or report on the accounts.

A society must submit the Annual Return within 7 months of the end of the society's financial year. Failure to submit on time is a prosecutable offence.

Please note that this form, including any details provided on the form, will be made available to the public through the Mutuels Public Register <https://mutuals.fca.org.uk>.

For guidance on our registration function for societies under the Co-operative and Community Benefit Societies Act 2014, which includes guidance on the requirement to submit an Annual Return, please see here: <https://www.fca.org.uk/publication/finalised-guidance/fg15-12.pdf>

## Section 2 – About this application

|                           |   |
|---------------------------|---|
| <b>Society name</b>       | Reading Hydro Community Benefit Society Limited |
| <b>Register number</b>    | 7212  |
| <b>Registered address</b> | RISC, London Street, Reading                    |
| <b>Postcode</b>           | RG1 4PS   |

**2.1 What date did the financial year covered by these accounts end?**

|   |   |   |   |   |   |   |   |
|---|---|---|---|---|---|---|---|
| 3 | 0 | 0 | 9 | 2 | 0 | 2 | 0 |
|---|---|---|---|---|---|---|---|

**Section 3 – People**

**3.1 Please provide the names of the people who were directors of the society during the financial year this return covers.** Some societies use the term 'committee member' or 'trustee' instead of 'director'. For ease of reference, we use 'director' throughout this form.

| Name of director | Month and year of birth |      |
|------------------|-------------------------|------|
| David Whipple    | July                    | 1950 |
| Anne Wheldon     | May                     | 1954 |
| Andy Tunstall    | November                | 1963 |
| Sophie Paul      | August                  | 1968 |
| Antony Cowling   | January                 | 1954 |
| Michael Beaven   | August                  | 1964 |
|                  |                         |      |
|                  |                         |      |
|                  |                         |      |
|                  |                         |      |
|                  |                         |      |
|                  |                         |      |

Continue on to a separate sheet if necessary.

**3.2 All directors must be 16 or older. Please confirm this is this case:**

All directors are aged 16 or over ☒

**3.3 Societies are within the scope of the Company Directors Disqualification Act 1986 (CDDA). Please confirm that no director is disqualified under that Act:**

No director is disqualified ☒

**3.4 Please state any close links which any of the directors has with any society, company or authority.** 'Close links' includes any directorships or senior positions held by directors of the society in other organisations.

Michael Beaven: Director of Our Community Enterprise CIC; Our Community Enterprise Trustees; Journey of Hope CIC.

Andy Tunstall: Director of Realistic Business Brokers Ltd; Noble Publishing Ltd; The Greengroup (UK) Ltd; Business Growth People Limited.

Antony Cowling: Director of Reading Community Energy Society.

**3.5 Please provide the name of the person who was secretary at the end of the financial year this return covers.** Societies must have a secretary.

| Name of secretary | Month and year of birth |      |
|-------------------|-------------------------|------|
| Anne Wheldon      | May                     | 1954 |

## Section 4 – Financial information

### 4.1 Please confirm that:

accounts are being submitted with this form ☒

the accounts comply with relevant statutory and accounting requirements ☒

the accounts are signed by two members and the secretary (3 signatures in total) ☒

**4.2 Based on the accounts, please provide the information requested below for the financial year covered by this return.**

|  |                 |
|--|-----------------|
| Number of members                                | <b>781</b>      |
| Turnover   | <b>£1,658</b>   |
| Assets   | <b>£914,178</b> |
| Number of employees (if any)                     | <b>0</b>        |
| Share capital                                    | <b>£903,220</b> |
| Highest rate of interest paid on shares (if any) | <b>NIL</b>      |

**4.3 What Standard Industrial Classification code best describes the society's main business?** Where more than one code applies, please select the code that you feel best describes the society's main business activity. You will find a full list of codes here: <http://resources.companieshouse.gov.uk/sic/>

|                                   |
|-----------------------------------|
| 35110 – Production of electricity |
|-----------------------------------|

## **Section 5 – Audit**

Societies are required to appoint an auditor to audited unless they are small or have disapplied this requirement. For further guidance see chapter 7 of our guidance: <https://www.fca.org.uk/publication/finalised-guidance/fg15-12.pdf>

**5.1 Please select the audit option the society has complied with:**

- |                                  |                                     |
|----------------------------------|-------------------------------------|
| Full professional audit          | <input type="checkbox"/>            |
| Auditor's report on the accounts | <input checked="" type="checkbox"/> |
| Lay audit                        | <input type="checkbox"/>            |
| No audit                         | <input type="checkbox"/>            |

**5.2 Please confirm the audit option used by the society is compliant with the society's own rules and the Act**

We have complied with the audit requirements ☒

**5.3 Please confirm any audit report (where required) is being submitted with this Annual Return**

Yes ☒

Not applicable ☐

The information below impacts the level of audit required of the society's accounts. Please provide answers to the following questions.

**5.4 Is this society accepted by HM Revenue and Customs (HMRC) as a charity for tax purposes?**

Yes ☐

No ☒

**5.5 If the society is registered with the Office of the Scottish Charity Regulator (OSCR) please provide your OSCR registration number.**

Not applicable ☒

|              |  |
|--------------|--|
| OSCR number: |  |
|--------------|--|

**5.6 Is the society a housing association?**

No ☒ Go to **section 6**

Yes ☐ Go to question **5.7**

**5.7 Please confirm which housing regulator you are registered with, and provide the registration number they have given you:**

|  |                          | Registration number |
|--|--------------------------|---------------------|
| Homes and Communities Agency                     | <input type="checkbox"/> |                     |
| Scottish Housing Regulator                       | <input type="checkbox"/> |                     |
| The Welsh Ministers                              | <input type="checkbox"/> |                     |
| Department for Communities<br>(Northern Ireland) | <input type="checkbox"/> |                     |

## Section 6 – Subsidiaries

### 6.1 Is the society a subsidiary of another society?

Yes ☐

No ☒

### 6.2 Does the society have one or more subsidiaries? (As defined in sections 100 and 101 of the Act)

Yes ☐ Continue to question 6.3

No ☒ Continue to Section 7

### 6.3 If the society has subsidiaries, please provide the names of them below (or attach an additional sheet)

| Registration Number | Name |
|---------------------|------|
|                     |      |
|                     |      |
|                     |      |
|                     |      |

### 6.4 Please provide below (or on a separate sheet) the names of subsidiaries not dealt with in group accounts (if any) and reasons for exclusions: (the society must have written authority from us to exclude a subsidiary from group accounts)

| Registration Number | Name | Reason for exclusion |
|---------------------|------|----------------------|
|                     |      |                      |
|                     |      |                      |
|                     |      |                      |
|                     |      |                      |

## Section 7– Condition for registration

All societies are registered meeting one of two conditions for registration. These are that the society is either:

- a bona fide co-operative society ('co-operative society'); **or**
- are conducting business for the benefit of the community ('community benefit society').

A society must answer the questions set out in either Section 7A or Section 7B of this form, depending on which condition of registration it meets.

If you are not sure which condition for registration applies to the society please see chapters 4 and 5 of our guidance:

<https://www.fca.org.uk/publication/finalised-guidance/fq15-12.pdf>

## Section 7A - Co-operative societies

Co-operative societies must answer the following questions in relation to the financial year covered by this return.

**7A.1 What is the business of the society?** For example, did you provide housing, manufacture goods, develop IT systems etc.

**7A.2 Please describe the members' common economic, social and cultural needs and aspirations.** In answering this question, please make sure it is clear what needs and aspirations members had in common.

**7A.3 How did the society's business meet those needs and aspirations?**

You have described the society's business answer to question 7A.1, and in question 7A.2 you have described the common needs and aspirations of members. Please now describe how during the year that business met those common needs and aspirations.

**7A.4 How did members democratically control the society?** For example, did the members elect a board at an annual general meeting; did all members collectively run the society.

**7A.5 What did the society do with any surplus or profit?** For instance, did you pay a dividend to members (and if so, on what basis); did money get reinvested in the business; put into reserves; used for some other purpose?

## Section 7B - Community benefit societies

Community benefit societies must answer the following questions in relation to the financial year covered by this return.

**7B.1 What is the business of the society?** For example, did you provide social housing, run an amateur sports club etc.

Developing a system to generate hydroelectric power from the Thames at Reading.

**7B.2 Please describe the benefits to the community the society delivered?** Here we are looking to see *what* the benefits to the community were. Community can be said to be the community at large. For example, did you relieve poverty or homelessness through the provision of social housing.

When the scheme is built, the people of Reading will benefit for a new source of local, low-carbon electricity. The scheme will be an education resource for the people of Reading. The wider community will benefit from reduced greenhouse gas emissions.

**7B.3 Please describe how the society's business delivered these benefits?** The business of the society must be conducted for the benefit of the community. Please describe *how* the society's business (as described in answer to question 7B.1) provided benefit to the community.

The hydroelectric system is still being built, so no direct benefits have yet occurred.

**7B.4 Did the society work with a specific community, and if so, please describe it here?** For instance, were the society's activities confined to a specific location; or to a specific group of people? Please note that in serving the needs of any defined community, the society should not inhibit the benefit to the community at large.

We promote the scheme to the people of Reading through social media and events.

**7B.5 What did the society do with any surplus or profit?** For instance, did you donate the money; did money get reinvested in the business; put into reserves; used for some other purpose?

No surplus generated.

**7B.6 Please state any significant commercial arrangements that the society has, or had, with any other organisation that could create, or be perceived as creating, a conflict of interest.** Please tell us how you ensured that any such conflict of interest did not prevent the society from acting for the benefit of the community.

None.

## Section 8– Declaration

The secretary of the society must complete this section.

|   |                                   |
|---|-----------------------------------|
| <b>Name</b>   | <b>Anne Wheldon</b>               |
| My signature below confirms that the information in this form is accurate to the best of my knowledge |                                   |
| <b>Signature</b><br> |                                   |
| <b>Position</b>   | <b>Secretary</b>                  |
| <b>Date</b>   | <b>29<sup>th</sup> April 2021</b> |

## Section 9 – Submitting this form

Please submit a signed, scanned version of this form along with your accounts and any auditor's report by email to: [mutualsannrtns@fca.org.uk](mailto:mutualsannrtns@fca.org.uk).

Or you can post the form to:

Mutual Societies  
Financial Conduct Authority  
12 Endeavour Square  
London  
E20 1JN

This form is available on the Mutuels Society Portal:

<https://societyportal.fca.org.uk>

Registered as a Limited Company in England and Wales No. 1920623. Registered office as above.

**Reading Hydro CBS Limited**  
**Registered number: 7212**  
**Directors' Report**

The directors present their report and accounts for the year ended 30 September 2020.

**Principal activities**

The principal long term activity of the Society is planned to be the generation and sale of electricity from renewable sources. To this end, the current main activity is building a hydro electricity generating scheme adjacent to Caversham weir in Reading. The Society engages its members with the activities of the Society and continues to grow the membership.

## **Review of the business**

Reading Hydro CBS (RH), born out of The Reading Sustainability Centre (TRSC), has pushed forward with our plan to install a community owned hydro generation scheme on the Thames adjacent to Caversham weir, Reading. This is a summary of the work up to the end of the reporting year, and progress since then to the date of signature.

### **October 2019 - September 2020 financial year**

The previous work by TRSC meant that Reading Hydro started the year with an outline design for the hydro scheme, abstraction and impoundment licences from the Environment Agency (EA) for a twin Archimedes screw hydro scheme; and planning permission by Reading Borough Council for this scheme. Further permissions, including a DNO agreement with Scottish and Southern Electricity Networks, and additional permits from the EA enabled us to secure pre-accreditation for the Feed-in-tariff by the 31 March 2019 deadline.

In late 2019, we obtained a letter of intent from Thames Lido to buy the electricity from the hydro scheme. With this, we produced a business plan and share offer document (awarded Community Shares Standard Mark), and ran a community share offer to raise £700,000 for the detailed design and construction of the scheme. By the close in February 2020 we were substantially oversubscribed, with 611 investors providing £880,574 share capital. £100,000 of this came from the Community Shares booster of Cooperatives UK, and most of the remainder was from individual local investors. We appreciated the enthusiasm of investors as well as their financial support.

We progressed the project as quickly as possible towards construction. This started at the time COVID-19 escalated and the first lockdown began, and many activities took longer or became more complex than anticipated. They included:

- Reorganising our board and volunteer teams and roles, and filling skills gaps.
- Commissioning the final system design, leading to tender and contract for the civil engineering works, and procurement of the Archimedes screw turbines and associated electrical systems.
- Appointing a project manager (Nigel Paterson) to help with contract negotiation, liaise on a day-to-day basis with contractors and oversee work on site.
- Appointing a Health & Safety consultant to approve H&S processes.
- Commissioning and overseeing a geotechnical survey of the area around View Island.
- Continuing to progress the contract for electricity sale, and necessary variations to permissions and authorisations, taking legal advice as needed
- Ensuring suitable insurance cover as activities changed and grew

## **Reading Hydro CBS Limited**

**Registered number: 7212**

### **Directors' Report**

Volunteer work began on the site on 15 May 2020, to ensure that our planning permission would not expire. Site work has been undertaken by small groups of volunteers, working under Reading Hydro's H&S requirements including the COVID lockdown restrictions at the time. Volunteer work included:

- Removing undergrowth, fallen trees and rubbish on View Island in order to open up footpaths, and clear out the ditch to provide the natural section of the fish and eel pass
- Preparing the contractors' site and access to the river, by clearing vegetation and rubbish, levelling the site, and diverting the footpath on Hills Meadow
- Removing old fencing on the causeway and erecting Heras fencing
- Putting up bird and bat boxes: these, along with the fish and eel pass, will enhance biodiversity on the site
- Installing a solar camera and stop motion camera: these have enabled us to document progress on site, and will also enable longer-term ecological monitoring
- Creating a hydraulic model of the fish pass

Directors were very disappointed that detailed quotes for the civils work came in much higher than we had been advised, and we therefore had to re-run the community share offer. 30 investors chose to reduce or withdraw their investment, but others invested more and new investors joined. When the share offer closed in September 2020 we had secured the required £980,000 from 672 investors. This includes £92,967 from the Community Shares Booster, which was not actually paid until the 20-21 financial year

Although in-person events could not happen because of COVID restrictions, we maintained engagement with Reading Hydro members and others through e-newsletters and social media. Volunteering has not just been crucial to getting the site prepared, it is also an important part of our community engagement

### **Update October 2020 to March 2021 as Post Balance Sheet event**

Our appointed civil engineering contractors Land & Water started on site in October 2020, and left during the first week of March 2021. They have completed the concrete structure for the turbines, and the technical section of the fish and eel pass, both of which look fantastic! However, there have been extended periods when work had to stop because of high water caused by heavy rain, and far more work has been needed to remove and then backfill material, in order to produce a firm base.

Directors worked closely with the contractors, designers and our project manager. As a result there were considerable savings and improvements to the design and build. Our project manager has kept a tight hold on contractor spending and charges, saving Reading Hydro considerable sums.

During the same period, teams of volunteers have continued to clear undergrowth and rubbish from View Island as originally planned, but in addition, to cut costs, they have undertaken more of the work to construct the fish and eel pass, including the technical section. Directors and volunteers, by agreement with the contractors, have also taken on further small items of work to save money

## **Reading Hydro CBS Limited**

**Registered number: 7212**

### **Directors' Report**

After protracted negotiation, we agreed a contract with GMac Utilities for the Horizontal Directional Drilling to lay the conduit that links the hydro scheme with Thames Lido. This will take place in mid March. Again, to cut costs, volunteers have started the groundwork and will reinstate the ground and pull the cable through the conduit afterwards. An electrical contractor will then connect the cable.

A small group of volunteers who are all experienced builders have begun construction of the turbine house, which will protect the generator and other equipment. This will be completed before the turbines are delivered and installed. The manufacture of the turbines by Spaans Babcock has been delayed due to COVID-19, but they are due to be delivered and installed by the manufacturer in mid-April. The electrical connections will then be completed and tested. We hope that Reading Hydro will be up and generating by summer 2021.

Directors and board advisers have been working tirelessly with RBC and the Environment Agency to ensure appropriate permits have been obtained and agreements made. This is proving a complex and long-winded process.

Reading Hydro directors are delighted to have got the project so far: it is wonderful to see the finished concrete foundations and fish pass on site, and to have pictures of one of our finished Archimedes screws in The Netherlands. But we very much regret that a further £150,000 must be raised to complete the project. The main reasons are the high cost of the lost days and additional civils work; additional costs for laying the cable, partly due to our initial lack of understanding of the detailed process; and the cost of meeting more complex licence conditions from the EA than we anticipated.

## **Summary of the financial position**

The accounts for the year to 30th September 2020 reflect the gear change of Reading Hydro, as the financing of the project by the community enabled construction work to begin.

There is no operating income for the society, so operating expenses of £31,107 led to a deficit of £28,133 in the year, after allowing for grants, donations and bank interest. The majority (£22,475) of these expenses were related to the raising of £887,033 community share capital from 672 individuals and organisations, giving a cost of capital of 2.5%.

As construction work started towards the end of the period, £185,445 of plant and machinery was added to the fixed assets of the society. Cash balances, held in current accounts and on deposit, amounted to £686,083, providing funds for the work over the following months.

Debtor balances of £42,650 were primarily made up of VAT repayments due. Creditor balance due within the year of £28,915 meant that the net current assets of the society approximated the share capital raised, standing at £885,263.

A long-term liability of £11,661 represents part of the £15,000 Key Fund grant that was used for capital purposes, and will reduce in future years. The total assets of the society stand at £873,602, after the deficit of this year.

## Outlook and principal risks and uncertainties

At the date of signature of the accounts, most of the risk associated with construction work has either materialised or been removed. There are still risks around the drilling of the conduit for the cables; uncertainties around regulatory requirements and the time to first income; and the financing of the completion of the project

The Directors maintain and regularly review a risk register, including a risk-adjusted contingency. Full details of this are contained in the Updated Business Plan and Share Offer Documents, which are published to support our offer of an additional £150,000 of community share capital.

The Directors expect the project to be completed in mid-May, seeing the realisation of our ambitious project to build a hydroelectricity scheme on the River Thames at Caversham Weir. We expect that Reading Hydro CBS will be receiving income from the sale of electricity by the end of the financial year.

## Interest payments and capital returns to members

There will be no interest payments or capital returns from the activity of the Society this year.

## Incorporation and member engagement

The Society became Reading Hydro CBS Ltd in September 2016 (formerly Berkshire Energy Pioneers CBS as incorporated in September 2015).

Membership increased from 208 on 1 September 2019 to 781 on 30 September 2020, mainly as a result of the community share offers.

Member and community engagement are important aspects of the Society's governance and we welcome support, ideas, comments and assistance.

We can be contacted by emailing [reading.hydro.cbs@gmail.com](mailto:reading.hydro.cbs@gmail.com), through the Reading Hydro Project Facebook group, through @rdghydro on Twitter or Instagram, and by signing up for our newsletter via our website: [hydro.readinguk.org](http://hydro.readinguk.org). Anyone can get involved in person by attending our Annual General Meetings or events, or by volunteering on site. These are announced via our main communication channels above.

Despite the COVID restrictions limiting in-person activities during 2019-20, our Society's community engagement still involved a variety of events and publicity, including a strong online presence and attractive e-newsletter, press releases, partnership with other community groups, and educational links. We are very fortunate the large number of active volunteers who undertake a wide range of tasks for Reading Hydro.

The directors express their sincere thanks to all members, volunteers and others who have, and continue to, support the Society and help make Reading Hydro a reality.

## Board procedures

The board meets every month in person or online, with interim meetings as required, to review the progress of the project and to take decisions about finance, contracts, governance, management and the future direction of the Society. During the development and construction stages of the project, board activity is necessarily frequent, demanding and multi-faceted. Once the hydro scheme is operational, a new phase of governance will commence.

### Directors

The following persons served as directors during the year:

Michael Beaven  
Tony Cowling  
Sophie Paul  
Andy Tunstall  
Anne Wheldon  
David Whipple

### Directors' responsibilities

The directors are responsible for preparing the report and accounts in accordance with applicable law and regulations.

The law governing Registered Societies requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the society as at the balance sheet date and of its income and expenditure for the year then ended. In preparing these accounts, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the co-operative will continue in business.

The directors are responsible for keeping proper books of account such as are necessary to give a true and fair view of the society's state of affairs and to explain its financial transactions. The directors must also establish and maintain a satisfactory system of control of its books of account, its cash holdings and all its receipts and remittances, and hence are also responsible for safeguarding the assets and taking reasonable steps for the prevention and detection of fraud and other irregularities.

### Reporting Criteria

This report has been prepared in accordance with the Co-operative and Community Benefit Societies Act 2014.

This report was approved by the board on 23rd March 2021 and signed on its behalf.

### **Independent Accountant's Report to the members on the unaudited accounts of Reading Hydro CBS Limited**

We report on the financial statements of the Society for the year ended 30 September 2020 on pages 10 to 14.

This report is made solely to the members as a body. Our reporting work has been undertaken so that we might state to the members those matters we are required to state to them in an independent accountant's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the society and the members as a body, for our work, for this report, or for the opinions we have formed.

#### **Respective responsibilities of management committee and independent accountant**

The management committee is responsible for the preparation of the accounts and they consider that an audit is not required for this year and that an independent accountant's report is needed.

It is our responsibility to carry out procedures designed to enable us to report our opinion.

#### **Basis of Independent Accountant's Opinion**

Our procedures consisted of comparing the accounts with the books of account kept by the society and making such limited enquiries of the officers of the society as we considered necessary for the purpose of this report. These procedures provide the only assurance expressed in our opinion.

#### **Independent Examiner's Opinion**

In our opinion:

- a) The accounts are in agreement with those accounting records kept by the society under the Co-operative and Community Benefit Societies Act 2014, s.75;
- b) Having regard only to, and on the basis of, the information contained in those accounting records, the accounts have been drawn up in a manner consistent with the accounting requirements of the applicable legislation; and
- c) The society satisfied the financial criteria enabling it to disapply the requirement to have an audit of the accounts for the year as specified in the Co-operative and Community Benefit Societies Act 2014, s.84(1), as amended by the Co-operative and Community Benefit Societies Act 2014 (amendments to Audit Requirements) Order 2018.

The directors are satisfied that the Society is entitled to exemption from the requirement to obtain an audit under section 84 of the Co-operative and Community Benefit Societies Act 2014.

The members have not required the Society to obtain an audit in accordance with the Act.

The directors acknowledge their responsibilities for complying with the requirements of the Co-operative and Community Benefit Societies Act 2014 with respect to accounting records and the preparation of accounts.

The accounts have been prepared in accordance with the provisions in the Co-operative and Community Benefit Societies Act 2014.

**Reading Hydro CBS Limited**  
**Notes to the Accounts**  
**for the year ended 30 September 2020**

**1 Accounting policies**

The principal accounting policies adopted in the preparation of the financial statements are set out below. These have remained unchanged from the previous year and have been consistently applied within the accounts.

***General information***

Reading Hydro CBS Limited is a registered society incorporated in England within the United Kingdom. The address of the registered office is given on Page 1 of these financial statements. Reading Hydro CBS Limited meets the definition of a public benefit entity under FRS102.

***Basis of preparation***

These financial statements have been prepared under FRS 102 Section 1A - small entities and there were no material departures from that standard. The financial statements have been prepared under the historical cost convention.

***Turnover***

Turnover represents Feed In Tariff and other electricity generating income, net of value added tax where applicable, derived from the generation of electricity from renewable energy installations.

***Depreciation***

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

|                     |                  |
|---------------------|------------------|
| Plant and machinery | 5% straight line |
|---------------------|------------------|

***Taxation***

There is no corporation tax due as the society has significant trading losses due to capital allowances. We do not expect the advance capital allowances to reverse later on the project due to share interest deductions, which is why no deferred tax has been provided.

***Grants Received***

Grants are identified as either relating to capital or relating to revenue.

Grants relating to revenue are recognised in the Revenue account on a systematic basis over the period in which the Society recognises the related costs for which the grant is intended to compensate.

Capital-based grants are recognised in the Revenue account on a systematic basis over the useful life of the asset to match the associated depreciation charge.

**2 Employees**

The average monthly number of persons (including directors) employed by the society during the year was 0 (2019 - 0).

**Reading Hydro CBS Limited**  
**Notes to the Accounts**
